§ 2
DEFINITIONS

For the purposes of these terms and conditions (the "**Terms and Conditions**"), the following definitions shall apply subject to an adjustment in accordance with these Terms and Conditions:

The "**Adjustment Amount**" shall change monthly on each Adjustment Day and shall then be applicable for the duration of the Adjustment Period beginning on such Adjustment Day. It shall be equal to the Strike on the Adjustment Day occurring within the relevant Adjustment Period, multiplied by the Adjustment Percentage valid during such Adjustment Period. With regard to the first Adjustment Period, the Strike on the Launch Date shall be used.

The "**Adjustment Day**" means the first calendar day in each month.

"**Adjustment Event**" means:

(a) the adjustment of options or futures contracts relating to the Share at the Futures Exchange or the announcement of such adjustment;

(b) any of the following actions taken by the issuer of the Share (the "**Company**"): capital increases through issuance of new shares against capital contribution and issuance of subscription rights to the shareholders, capital increases out of the Company's reserves, issuance of securities with options or conversion rights related to the Share, stock splits or any other splits, consolidation or alteration of category;

(c) a spin-off of a part of the Company in such a way that a new independent entity is formed, or that the spun-off part of the Company is absorbed by another entity; or

(d) any other event relating to the Share having a diluting or concentrative effect on the theoretical value of such Share.

The "**Adjustment Percentage**" applicable during an Adjustment Period shall be the sum of (i) the interest rate published on Reuters page SEK1MD= (or a successor page thereto) on the Adjustment Day (the "**Reference Interest Rate**") and (ii) the Risk Premium applicable during the relevant Adjustment Period, the result being divided by 365. The Adjustment Percentage (p.a.) for the first Adjustment Period shall be the percentage as set out in the Table of Product Details. "**Risk Premium**" means a percentage determined on an Adjustment Day

for the Adjustment Period beginning on such Adjustment Day, which indicate the price of the risks taken over by the Issuer. The determination will be made by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB). The respective Risk Premium for subsequent Adjustment Periods shall be published on the Issuer's website at *www.warrants.commerzbank.com*.

"**Exchange**" means the exchange or trading system as set out in the Table of Product Details.

"**Exchange Business Day**" means a day on which the Exchange and the Futures Exchange are open for trading during their respective regular trading sessions, notwithstanding the Exchange or Futures Exchange closing prior to its scheduled weekday closing time. Any trading or trading activities after or before the regular trading sessions on the Exchange or the Futures Exchange will not be taken into account.

If there is no options or futures exchange in the country in which the Company has its residence on which options or futures contracts on shares are traded, the Issuer will determine the Futures Exchange in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) and will make notification thereof in accordance with § 13.

"**Issue Currency**" or "**SEK**" means Swedish Krona.

"**Launch Date**" means 01 March 2019.

"**Market Disruption Event**" means the occurrence or existence of any suspension of, or limitation imposed on, trading in (a) the Share on the Exchange, or (b) any options or futures contracts relating to the Share on the Futures Exchange (if such options or futures contracts are traded on the Futures Exchange), provided that any such suspension or limitation is material. The decision whether a suspension or limitation is material will be made by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB). The occurrence of a Market Disruption Event on the Valuation Date shall be published in accordance with § 13.

A limitation regarding the office hours or the number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the respective exchange. A limitation on trading imposed during the course of a day by reason of movements in price exceeding permitted limits shall only deemed to be a Market Disruption Event if such limitation still prevails at the time of termination of the trading hours on such date.

"**Monitoring Period**" means the period from the Launch Date to the Valuation Date (both dates including) at such point in time at which the Reference Price of the Underlying is determined and published.

Subject to a Dividend Adjustment in accordance with paragraph (b), the Strike on each Adjustment Day will be equal to the Strike of the immediate previous calendar day plus the Adjustment Amount being recalculated on such Adjustment Day.

(b) On each Dividend Adjustment Day the Strike will be equal to the difference of the Strike determined in accordance with paragraph (a) for this Dividend Adjustment Day and the Dividend Impact ("**Dividend Adjustment**"). "**Dividend Adjustment Day**" means the day on which the Share is traded on the Exchange on an ex-dividend basis for the first time. The "**Dividend Impact**" reflects the price adjustment to the Share on the Dividend Adjustment Day due to a dividend payment (including extraordinary dividend payments or any other dividend payments) on the basis of the dividend payment net of any taxes or other fees and costs. The Dividend Impact will be an amount determined by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB).

The Strike on the Launch Date shall correspond to the strike as set out in the Table of Product Details.

The respective Strike shall in each case be published on the Issuer's website at *www.warrants.commerzbank.com*.

"**Table of Product Details**" means the table attached to these Terms and Conditions which contains the definitions in relation to each series of Securities.

"**Underlying**" or "**Share**" means the share or security similar to shares as set out in the Table of Product Details.

"**Valuation Date**" means the Exercise Date.

If on the Valuation Date there is no Reference Price or if on the Valuation Date a Market Disruption Event occurs, the Valuation Date shall be postponed to the next following Exchange Business Day on which there is a Reference Price and on which a Market Disruption Event does not occur.

If, according to the before-mentioned, the Valuation Date is postponed for ten consecutive Exchange Business Days, and if also on such day there is no Reference Price or a Market Disruption Event occurs on such day, then this day shall be deemed to be the Valuation Date and the Issuer shall estimate the Reference Price of

the Share in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB), and in consideration of the prevailing market conditions on such day and make a notification thereof in accordance with § 13.

§ 3
REDEMPTION

1. The Securities grant to the Securityholder the right (the "**Option Right**") to receive from the Issuer the payment of the Redemption Amount in accordance with the following paragraphs.

2. Subject to paragraph 3, each Security is redeemed by payment of an amount in the Issue Currency (the "**Redemption Amount**") which shall be equal to (i) the amount by which the Reference Price of the Underlying on the Valuation Date exceeds (in case of Type CALL) or is exceeded by (in case of Type PUT) the Strike applicable on the Valuation Date multiplied by (ii) the Ratio.

   "**Ratio**" means the decimal figure as set out in the Table of Product Details.

   "**Type**" means the type as set out in the Table of Product Details.

3. If during the Monitoring Period the price of the Share as determined and published by the Exchange is at least once equal to or below (in case of Type CALL) or equal to or above (in case of Type PUT) the applicable Knock-out Barrier (the "**Knock-out Event**"), the Option Right pursuant to paragraph 1 shall expire.

   Subject to a Dividend Adjustment the "**Knock-out Barrier**" for the first Adjustment Period shall correspond to the knock-out barrier as set out in the Table of Product Details. For each additional Adjustment Period, the Knock-out Barrier shall be newly determined on the Adjustment Day falling within the relevant Adjustment Period, subject to a Dividend Adjustment. On each Dividend Adjustment Day the Knock-out Barrier will be adjusted by the Dividend Impact. The Issuer will determine it in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) by taking into account the relevant prevailing market conditions (in particular, the volatility). The respective Knock-out Barrier shall in each case be published on the Issuer's website at *www.warrants.commerzbank.com*.

   If a Knock-out Event occurs, the Redemption Amount determined in the reasonable discretion of the Issuer (*billiges Ermessen*) (§ 315 BGB) may be zero. The Redemption Amount will be published on the Issuer's website at *www.warrants.commerzbank.com*.

   In that case, the Issuer shall pay the Redemption Amount to the Securityholders not later than on the tenth Payment Business Day following the day on which the Knock-out Event occurred.

4. In order to validly exercise the Option Right, with respect to an Exercise Date the Securityholder is obliged to instruct the account holding bank to

   (a) deliver an exercise notice (the "**Exercise Notice**") via the acount holding bank to the Paying Agent (i) in the form available at the Paying Agent or (ii) by providing the following information in text form: name and address of the Securityholder, name, ISIN and number of Securities to be redeemed and the cash account of the Securityholder to which the transfer of any Redemption Amount shall be effected in accordance with § 5; and

   (b) deliver the Securities via the acount holding bank by crediting the Securities to the account of the Paying Agent with the Clearing System.

   On the Exercise Date at or prior to 10:00 am (Frankfurt time) (i) the Exercise Notice has to be received by the Paying Agent and (ii) the Securities have to be booked at the account of the Paying Agent with the Clearing System.

5. The Exercise Notice shall be binding and irrevocable.

6. An Exercise Notice submitted with regard to a specific Exercise Date shall be void if the above-mentioned provisions are not fulfilled. Any Exercise Notice that is void in accordance with the preceding sentence shall not be treated as Exercise Notice relating to a later Exercise Date.

   If the number of Securities stated in the Exercise Notice, for which redemption is requested, differs from the number of Securities transferred to the Paying Agent, the Exercise Notice shall be deemed submitted

only with regard to the smaller number of Securities. Any excess Securities shall be re-transferred at the cost and risk of the Securityholder to the account holding bank.

7. Option Rights can only be exercised for the Minimum Exercise Number of Securities or for an integral multiple thereof.

   Any exercise of less than the Minimum Exercise Number of Securities shall be void. Any exercise of more than the Minimum Exercise Number of Securities that is not an integral multiple thereof, shall be deemed to be an exercise of the next smaller number of Securities which is the minimum number or an integral multiple thereof. Securities exceeding the Minimum Exercise Number of Securities or an integral multiple thereof shall be re-transferred at the cost and risk of the Securityholder to the account holding bank.

   "**Minimum Exercise Number of Securities**" is 1 Security.

8. Following the valid exercise of the Option Right, the Redemption Amount shall be paid to the Securityholders not later than on the tenth Payment Business Day following the Valuation Date.

§ 4
ORDINARY TERMINATION BY THE ISSUER

1. The Issuer shall be entitled to ordinarily terminate the Securities in whole but not in part ("**Ordinary Termination**"), in each case with effect as of the third Payment Business Day of the month of December of each year commencing as of 04 December 2019 (any such day an "**Ordinary Termination Date**").

2. Any such Ordinary Termination must be announced at least 28 days prior to the Ordinary Termination Date in accordance with § 13. Such announcement shall be irrevocable and must state the Ordinary Termination Date.

3. In the case of an Ordinary Termination of the Securities each Securityholder shall receive a payment per Security as determined in accordance with the provisions of § 3 paragraph 2. In this respect, the Ordinary Termination Date shall in all respects supersede the Exercise Date.

4. Any amounts that are payable pursuant to these Terms and Conditions in the case of Ordinary Termination shall be paid to the Securityholders not later than on the tenth Payment Business Day following the Valuation Date.

5. The right of the Securityholders to request redemption of the Securities with effect as of the Exercise Dates preceding the relevant Ordinary Termination Date shall not be affected by such Ordinary Termination by the Issuer in accordance with this § 4.

§ 5
PAYMENTS

1. All amounts payable under these Terms and Conditions will be rounded to the nearest SEK 0.01 (SEK 0.005 will be rounded upwards).

2. All amounts payable pursuant to these Terms and Conditions shall be paid to the Paying Agent for transfer to the Clearing System or pursuant to the Clearing System's instruction for credit to the relevant accountholders on the dates stated in these Terms and Conditions. Payment to the Clearing System or pursuant to the Clearing System's instruction shall release the Issuer from its payment obligations under the Securities in the amount of such payment.

3. If any payment pursuant to these Terms and Conditions is to be made on a day that is not a Payment Business Day, payment shall be made on the next following Payment Business Day. In this case, the Securityholders shall neither be entitled to any payment claim nor to any interest claim or other compensation with respect to such delay.

4. All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives and subject to the provisions contained in § 9.

§ 6
ADJUSTMENTS

1. Upon the occurrence of an Adjustment Event or Extraordinary Event each of which has a material effect on the Share or the price of the Share, the Issuer shall make any such adjustments to the Terms and Conditions as are necessary to adequately account for the economic effect of the Adjustment Event or Extraordinary Event on the Securities and to preserve, in essence, the economic profile that the Securities had prior to the occurrence of the Adjustment Event or Extraordinary Event in accordance with the following provisions (each an "**Adjustment**"). The Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether an Adjustment Event or Extraordinary Event has occurred and whether such Adjustment Event or Extraordinary Event has a material effect on the Share or the price of the Share.

2. An Adjustment may result in:

   (a) the replacement of the Share by another share and/or cash and/or any other compensation, in each case as stipulated with reference to the relevant Adjustment Event or Extraordinary Event (a "**Replacement**"), and the determination of another stock exchange as the Exchange,

   and/or

   (b) increases or decreases of specified variables and values or the amounts payable under the Securities taking into account:

      (i) the effect of an Adjustment Event or Extraordinary Event on the price of the Share;

      (ii) the diluting or concentrative effect of an Adjustment Event or Extraordinary Event on the theoretical value of the Share; or

      (iii) any cash compensation or other compensation in connection with a Replacement;

   and/or

   (c) consequential amendments to the share related provisions of the Terms and Conditions that are required to fully reflect the consequences of the Replacement.

3. Adjustments should correspond to the adjustments to options or futures contracts relating to the Share made by the Futures Exchange (a "**Futures Exchange Adjustment**").

   (a) If the Futures Exchange Adjustment results in the replacement of the Share by a basket of shares, the Issuer shall be entitled to determine that only the share with the highest market capitalisation on the Cut-off Date shall be the (replacement) Share for the purpose of the Securities, and to hypothetically sell the remaining shares in the basket on the first Exchange Business Day following the Cut-off Date at the first available price and hypothetically reinvest the proceeds immediately afterwards in the (replacement) Share by making an appropriate adjustment to the specified variables and values or the amounts payable under the Securities. If the determination of the share with the highest market capitalisation would result in an economic inappropriate Adjustment, the Issuer shall be entitled to select any other share of the basket of shares to be the (replacement) Share in accordance with the foregoing sentence. The Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case.

   (b) In particular, the Issuer shall not be required to make adjustments to the Terms and Conditions by reference to Futures Exchange Adjustments in cases where:

      (i) the Futures Exchange Adjustments would result in economically irrelevant adjustments to the Terms and Conditions; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case;

      (ii) the Futures Exchange Adjustments violate the principles of good faith or would result in adjustments of the Terms and Conditions contrary to the principle to preserve, in essence, the economic profile that the Securities had prior to the occurrence of the Adjustment Event or the Extraordinary Event and to adequately take into account the

economic effect thereof on the price of the Share; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case; or

(iii) in cases where no Futures Exchange Adjustment occurs but where such Futures Exchange Adjustment would be required pursuant to the adjustment rules of the Futures Exchange; in such case, the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case and shall make Adjustments in accordance with the adjustment rules of the Futures Exchange.

(c) In the event of any doubts regarding the application of the Futures Exchange Adjustment or adjustment rules of the Futures Exchange or where no Futures Exchange exists, the Issuer shall make such adjustments to the Terms and Conditions which are required in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) to preserve, in essence, the economic profile that the Securities had prior to the occurrence of the Adjustment Event or the Extraordinary Event and to adequately take into account the economic effect thereof on the price of the Share.

4. Any reference made to the Share in these Terms and Conditions shall, if the context so admits, then refer to the replacement share. All related definitions shall be deemed to be amended accordingly.

5. Adjustments shall take effect as from the date (the "**Cut-off Date**") determined by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB), provided that (if the Issuer takes into consideration the manner in which adjustments are or would be made by the Futures Exchange) the Issuer shall take into consideration the date at which such adjustments take effect or would take effect at the Futures Exchange.

6. Adjustments as well as their Cut-off Date shall be notified by the Issuer in accordance with § 13.

7. Any Adjustment in accordance with this § 6 does not preclude a subsequent termination in accordance with § 7 paragraph 1 on the basis of the same event.

§ 7
EXTRAORDINARY TERMINATION BY THE ISSUER

1. Upon the occurrence of an Extraordinary Event, the Issuer may freely elect to terminate the Securities prematurely instead of making an Adjustment. In the case that an Adjustment would not be sufficient to preserve, in essence, the economic profile that the Securities had prior to the occurrence of the Extraordinary Event, the Issuer shall terminate the Securities prematurely; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case.

   The Issuer may also freely elect to terminate the Securities prematurely in the case of a takeover-bid, i.e. an offer to take over or to swap or any other offer or any other act of an individual person or a legal entity that results in the individual person or legal entity buying, otherwise acquiring or obtaining a right to buy more than 10% of the outstanding shares of the Company as a consequence of a conversion or otherwise; all as determined by the Issuer based on notifications to the competent authorities or on other information determined as relevant by the Issuer.

2. If the Issuer and/or its Affiliates are, even following economically reasonable efforts, not in the position (i) to enter, re-enter, replace, maintain, liquidate, acquire or dispose of any Hedging Transactions or (ii) to realize, regain or transfer the proceeds resulting from such Hedging Transactions (the "**Hedging Disruption**"), the Issuer may freely elect to terminate the Securities prematurely. The Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether a Hedging Disruption has occurred.

   The Issuer may also freely elect to terminate the Securities prematurely if (i) due to the adoption of or any change in any applicable law or regulation (including any tax law) or (ii) due to the promulgation of or any change in the interpretation by any competent court, tribunal or regulatory authority (including any tax authority) that (A) it has become illegal to hold, acquire or dispose of any Shares or (B) it will incur materially increased costs in performing the Issuer's obligation under the Securities (including due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position) (the "**Change in Law**"). The Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether a Change in Law has occurred.

3. Any extraordinary termination of the Securities shall be notified by the Issuer in accordance with § 13 within fourteen Exchange Business Days following the occurence of the relevant event (the "**Extraordinary Termination Notice**"). The Extraordinary Termination Notice shall designate an Exchange Business Day as per which the extraordinary termination shall become effective (the "**Extraordinary Termination Date**") in accordance with the following provisions. Such Extraordinary Termination Date shall be not later than seven Payment Business Days following the publication of the Extraordinary Termination Notice.

4. If the Securities are called for redemption, they shall be redeemed at an amount per Security that is equivalent to their fair market value minus any expenses actually incurred by the Issuer under transactions that were required for winding up the Hedging Transactions (the "**Extraordinary Termination Amount**"). The Issuer shall calculate the Extraordinary Termination Amount in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) by taking into account prevailing market conditions and any proceeds realised by the Issuer and/or any of its affiliates (within the meaning of § 290 paragraph 2 German Commercial Code (*HGB*), the "**Affiliates**") in connection with transactions or investments concluded by it in its reasonable commercial discretion (*vernüftiges kaufmännisches Ermessen*) for hedging purposes in relation to the assumption and fulfilment of its obligations under the Securities (the "**Hedging Transactions**").

5. The Issuer shall pay the Extraordinary Termination Amount to the Securityholders not later than on the tenth Payment Business Day following the Extraordinary Termination Date.

§ 8
FURTHER ISSUES OF SECURITIES, REPURCHASE OF SECURITIES

1. The Issuer reserves the right to issue from time to time without the consent of the Securityholders additional tranches of Securities with substantially identical terms, so that the same shall be consolidated to form a single series and increase the total volume of the Securities. The term "Securities" shall, in the event of such consolidation, also comprise such additionally issued securities.

2. The Issuer may at any time purchase Securities in the market or otherwise. Securities repurchased by or on behalf of the Issuer may be held by the Issuer, re-issued, resold or surrendered to the Paying Agent for cancellation.

§ 9
TAXES

Payments in respect of the Securities shall only be made after (i) deduction and withholding of current or future taxes, levies or governmental charges, regardless of their nature, which are imposed, levied or collected (the "**Taxes**") under any applicable system of law or in any country which claims fiscal jurisdiction by or for the account of any political subdivision thereof or government agency therein authorised to levy Taxes, to the extent that such deduction or withholding is required by law, (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**"), or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto and (iii) any withholding or deduction required pursuant to Section 871(m) of the Code ("**871(m) Withholding**"). The Issuer shall report on the deducted or withheld Taxes to the competent government agencies.

In addition, in determining the amount of 871(m) Withholding imposed with respect to any amounts to be paid on the Securities, the Issuer shall be entitled to withhold on any "dividend equivalent" (as defined for purposes of Section 871(m) of the Code) at the highest rate applicable to such payments regardless of any exemption from, or reduction in, such withholding otherwise available under applicable law.

§ 10
STATUS

The obligations under the Securities constitute direct, unconditional and unsecured (*nicht dinglich besichert*) obligations of the Issuer and rank at least *pari passu* with all other unsecured and unsubordinated obligations of the Issuer (save for such exceptions as may exist from time to time under applicable law).

§ 11
PAYING AGENT

1. Skandinaviska Enskilda Banken AB (publ), a banking institution incorporated under the laws of Sweden, whose corporate seat and registered office is at Kungsträdgårdsgatan 8, SE-106 40 Stockholm, Sweden, acting through its division SEB Merchant Banking, Securities Services, shall be the paying agent (the "**Paying Agent**").

2. The Issuer shall be entitled at any time to appoint another bank of international standing as Paying Agent. Such appointment and the effective date shall be notified in accordance with § 13.

3. The Paying Agent is hereby granted exemption from the restrictions of § 181 BGB and any similar restrictions of the applicable laws of any other country.

§ 12
SUBSTITUTION OF THE ISSUER

1. Substitution of the Issuer by Société Générale S.A., SG Issuer S.A. or Société Générale Effekten GmbH

(hereinafter called "**SG**" or a "**New SG Issuer**"), SG Issuer S.A. (hereinafter called "**SGIS**" or a "**New SG Issuer**") or Société Générale Effekten GmbH (hereinafter called "**SGE**" or a "**New SG Issuer**") for itself as Issuer without the consent of any Securityholder. In such case, the New SG Issuer will assume all the obligations of the Issuer under and in connection with the Securities. In case of SGIS or SGE as New SG Issuer, the payment obligations (including any delivery obligations) of the relevant New SG Issuer under the Securities will be unconditionally and irrevocably guaranteed by SG (the "**Parent Guarantor**" and such guarantee, the "**Parent Guarantee**"). Any such substitution and the effective date shall be notified by the Issuer in accordance with § 13.

   Upon any such substitution the New SG Issuer shall succeed to, and be substituted for, and may exercise every right and power of, the Issuer under the Securities with the same effect as if the New SG Issuer had been named as the Issuer in these Terms and Conditions; the Issuer shall be released from its obligations hereunder and from its liability as obligor under the Securities.

   In the event of such substitution, any reference in these Terms and Conditions to the Issuer shall from then on refer to the New SG Issuer.

   (b) No such assumption pursuant to § 12 paragraph 1(a) shall be permitted unless

      (i) the New SG Issuer has agreed to assume all obligations of the Issuer under the Securities; and

      (ii) the New SG Issuer and the Parent Guarantor (if applicable) have obtained all necessary governmental authorisations, approvals, consents and permissions (including and in particular clearance by the relevant competition authorities regarding the sale of the business to which the Securities relate) in the jurisdictions in which Parent Guarantor (if applicable) and/or the New SG Issuer are domiciled or the country under the laws of which they are organised; and

(iii) Euroclear Sweden has given its consent to the substitution (which consent shall not be unreasonably withheld or delayed).

(c) The following provision is subject to the condition precedent of SGE becoming the New SG Issuer of these Securities pursuant to § 12 paragraph 1(a):

(i) If the Relevant Resolution Authority (as defined below) exercises its Bail-in Power (as defined below) on debt within the meaning of Article L 613-30-3-I-3 of the French Monetary and Financial Code of SG ranking junior to debt of SG that benefits from statutorily preferred exceptions pursuant to Article L 613-30-3-I-1 and L 613-30-3-I-2 and that are not debt as defined in Article L 613-30-3-I-4 of the French Monetary and Financial Code, which results in the write-down or cancellation of all, or a portion of, the principal amount of, or outstanding amount payable in respect of, and/or interest on, such liabilities, and/or the conversion of all, or a portion, of the principal amount of, or outstanding amount payable in respect of, or interest on, such liabilities into shares or other securities or other obligations of SG or another person, including by means of a variation to their terms and conditions to give effect to such exercise of Bail-in Power, then:

(aa) SGE's obligations as New SG Issuer to the Securityholders under the Securities shall be limited and reduced to the amounts of principal and/or interest that would be recoverable by the Securityholders and/or the value of the shares or other securities or other obligations of SG or another person that would be delivered to the Securityholders if the Securities had been directly issued by SG itself, and any obligations under the Securities had accordingly been directly subject to the exercise of the Bail-in Power, and

(bb) SGE shall be entitled to, in lieu of payment, request the Securityholders to seek payment, in whole or in part, of any amounts due under the Securities subsequent to the reduction and/or delivery of any shares or other securities or other obligations of SG subsequent to a conversion provided for at (i) above, directly from SG under the Parent Guarantee for the obligations of the New SG Issuer.

If and to the extent SGE requests the Securityholders to directly seek payment and/or delivery from SG under the Parent Guarantee for SGE's obligations, SGE's liabilities under the Securities shall be deemed extinguished.

"**Bail-in Power**" means any statutory cancellation, write-down and/or conversion power existing from time to time under any laws, regulations, rules or requirements relating to the resolution of banks, banking group companies, credit institutions and/or investment firms incorporated in France in effect and applicable in France to SG (or any successor entity thereof), including but not limited to any such laws, regulations, rules or requirements that are implemented, adopted or enacted within the context of a European Union directive or regulation of the European Parliament and of the Council establishing a framework for the recovery and resolution of credit institutions and investment firms and/or within the context of a French resolution regime under the French monetary and financial code, or any other applicable laws or regulations, as amended, or otherwise, pursuant to which obligations of a bank, banking group company, credit institution or investment firm or any of its affiliates can be reduced, cancelled and/or converted into shares or other securities or obligations of the obligor or any other person.

The "**Relevant Resolution Authority**" is any authority with the ability to exercise the Bail-in Power

(ii) No repayment of the principal amount of the Securities or payment of interest thereon (to the extent of the portion thereof affected by the exercise of the Bail-in Power) shall become due and payable after the exercise of any Bail-in Power by the Relevant Resolution Authority, unless such repayment or payment would be permitted to be made by SG under the laws and regulations then applicable to SG under its senior unsecured liabilities if SG itself was the issuer of the Securities, and the terms and conditions of the Securities shall be deemed to be modified accordingly.

(iii) Upon SGE becoming aware of the exercise of the Bail-in Power by the Relevant Resolution Authority on senior unsecured liabilities of SG, SGE shall notify the Securityholders in

accordance with § 13 (and other parties that should be notified, if applicable). Any delay or failure by SGE to give notice shall not affect the effects on the Securities described in the first paragraph.

(iv) The reduction or modification described in the first and second paragraphs above with respect to the Securities shall not constitute an event of default and the terms and conditions of the Securities shall continue to apply in relation to the residual principal amount of, or outstanding amount payable in respect of the Securities, subject to any modification of the amount of interest payable to reflect the reduction of the principal amount, and any further modification of the terms that the Relevant Resolution Authority may decide in accordance with applicable laws and regulations relating to the resolution of banks, banking group companies, credit institutions and/or investment firms incorporated in France.

(d) Each holder of a Security or Securities acknowledges and undertakes, on its acquisition of such Security or Securities, that, in case the Issuer is subsequently substituted for SGIS or SGE (as the case may be) pursuant to this § 12 and a payment default by SGIS or SGE (as the case may be) of principal (and premium, if any), interest or any other amount in respect thereof (including, without limitation, any amount due upon redemption at maturity or otherwise) on any such Securities occurs whenever such payment falls due (such payment defaults, "**Defaulted Payments**"), such Securityholder shall not institute any proceeding, judicial or otherwise, or otherwise assert a claim against such New SG Issuer to enforce such Defaulted Payments and waives all rights to institute such proceedings or make such claims in respect of such Defaulted Payments against such New SG Issuer. For the avoidance of doubt, such acknowledgement, undertaking and waiver are without prejudice to the Securityholder's rights under the Parent Guarantee and do not alter or impair the Parent Guarantor's obligations under the relevant Parent Guarantee. Accordingly, each Securityholder shall continue to have the right to institute any proceeding, judicial or otherwise, or otherwise assert a claim against the Parent Guarantor to enforce any obligation due under the relevant Parent Guarantee, including without limitation in respect of any Defaulted Payments.

2. Substitution of the Issuer by any other company

(a) At any time during the life of the Securities and subject to § 12 paragraph 2(b), the Issuer is entitled to substitute any other company (hereinafter called a "New Other Issuer") for itself as Issuer without the consent of any Securityholder. In such case, the New Other Issuer may assume all the obligations of the Issuer under and in connection with the Securities. Any such substitution and the respective effective date shall be notified by the Issuer in accordance with § 13.

Upon any such substitution, the New Other Issuer shall succeed to, and be substituted for, and may exercise every right and power of, the Issuer under the Securities with the same effect as if the New Other Issuer had been named as the Issuer in these Terms and Conditions; the Issuer (and, in the case of a repeated application of this § 12 paragraph 2 and/or paragraph 1, each previous issuer) shall be released from its obligations hereunder and from its liability as obligor under the Securities.

In the event of such substitution, any reference in these Terms and Conditions to the Issuer shall from then on refer to the New Other Issuer.

(b) No such assumption pursuant to § 12 paragraph 2(a) shall be permitted unless

(i) the New Other Issuer has agreed to assume all obligations of the Issuer under the Securities;

(ii) the New Other Issuer has agreed to indemnify and hold harmless each Securityholder against any tax, duty, assessment or governmental charge imposed on such Securityholder in respect of such substitution;

(iii) the Issuer (in this capacity referred to as the "**Guarantor**") has unconditionally and irrevocably guaranteed to the Securityholders compliance by the New Other Issuer with all obligations under the Securities;

(iv) the New Other Issuer and the Guarantor have obtained all governmental authorisations, approvals, consents and permissions necessary in the jurisdictions in which the Guarantor

and/or the New Other Issuer are domiciled or the country under the laws of which they are organised; and

(v) Euroclear Sweden has given its consent to the substitution (which consent shall not be unreasonably withheld or delayed).

3. Upon any substitution of the Issuer for a New SG Issuer or a New Other Issuer, this § 12 shall apply again.

§ 13
NOTICES

Where these Terms and Conditions provide for a notice pursuant to this section, such notice shall be published on the website *www.warrants.commerzbank.com* (or on another website notified at least six weeks in advance by the Issuer in accordance with this section) and become effective vis-à-vis the Securityholder through such publication unless the notice provides for a later effective date. If and to the extent applicable law or regulations provide for other forms of publication, such publications shall be made merely in addition to the aforesaid publication.

Other publications with regard to the Securities are published on the website of the Issuer *www.commerzbank.com* (or any successor website).

§ 14
LIMITATION OF LIABILITY; PRESENTATION PERIOD, PRESCRIPTION

1. The Issuer shall be held responsible for acting or failing to act in connection with Securities only if, and insofar as, it either breaches material obligations under or in connection with the Terms and Conditions negligently or wilfully or breaches other obligations with gross negligence or wilfully. The same applies to the Paying Agent.

2. The period for presentation of the Securities (§ 801 paragraph 1, sentence 1 BGB) shall be ten years and the period of limitation for claims under the Securities presented during the period for presentation shall be two years calculated from the expiry of the relevant presentation period.

§ 15
FINAL CLAUSES

1. The Securities and the rights and duties of the Securityholders, the Issuer and the Guarantor (if any) shall in all respects be governed by the laws of the Federal Republic of Germany except § 1 which shall be governed by the laws of the Kingdom of Sweden.

2. In the event of manifest typing or calculation errors or similar manifest errors in the Terms and Conditions, the Issuer shall be entitled to declare rescission (*Anfechtung*) to the Securityholders. The declaration of rescission shall be made without undue delay upon becoming aware of any such ground for rescission (*Anfechtungsgrund*) and in accordance with § 13. Following such rescission by the Issuer, the Securityholders may instruct the account holding bank to submit a duly completed redemption notice to the Paying Agent, either by filling in the relevant form available from the Paying Agent or by otherwise stating all information and declarations required on the form (the "**Rescission Redemption Notice**"), and to request repayment of the Issue Price against transfer of the Securities to the account of the Paying Agent with the Clearing System. The Issuer shall make available the Issue Price to the Paying Agent within 30 calendar days following receipt of the Rescission Redemption Notice and of the Securities by the Paying Agent, whichever receipt is later, whereupon the Paying Agent shall transfer the Issue Price to the account specified in the Rescission Redemption Notice. Upon payment of the Issue Price all rights under the Securities delivered shall expire.

3. The Issuer may combine the declaration of rescission pursuant to paragraph 2 with an offer to continue the Securities on the basis of corrected Terms and Conditions. Such an offer and the corrected provisions shall be notified to the Securityholders together with the declaration of rescission in accordance with § 13. Any such offer shall be deemed to be accepted by a Securityholder and the rescission shall not take

effect, unless the Securityholder requests repayment of the Issue Price within four weeks following the date on which the offer has become effective in accordance with § 13 by delivery of a duly completed Rescission Redemption Notice via the account holding bank to the Paying Agent and by transfer of the Securities to the account of the Paying Agent with the Clearing System pursuant to paragraph 2. The Issuer shall refer to this effect in the notification.

4. "**Issue Price**"within the meaning of paragraph 2 and 3 shall be deemed to be the higher of (i) the purchase price that was actually paid by the relevant Securityholder (as declared and proved by evidence in the request for repayment by the relevant Securityholder) and (ii) the weighted average (as determined by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) of the traded prices of the Securities on the Exchange Business Day preceding the declaration of rescission pursuant to paragraph 2. If a Market Disruption Event exists on the Exchange Business Day preceding the declaration of rescission pursuant to paragraph 2, the last Exchange Business Day preceding the declaration of rescission pursuant to paragraph 2 on which no Market Disruption Event existed shall be decisive for the ascertainment of price pursuant to the preceding sentence.

5. Contradictory or incomplete provisions in the Terms and Conditions may be corrected or amended, as the case may be, by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB). The Issuer, however, shall only be entitled to make such corrections or amendments which are reasonably acceptable to the Securityholders having regard to the interests of the Issuer and in particular which do not materially adversely affect the legal or financial situation of the Securityholders. Notice of any such correction or amendment shall be given to the Securityholders in accordance with § 13.

6. If a Securityholder was aware of typing or calculation errors or similar errors at the time of the acquisition of the Securities, then, notwithstanding paragraphs 2 - 5, such Securityholder can be bound by the Issuer to the corrected Terms and Conditions.

7. Should any provision of these Terms and Conditions be or become void in whole or in part, the other provisions shall remain in force. The void provision shall be replaced by a valid provision that reflects the economic intent of the void provision as closely as possible in legal terms. In those cases, however, the Issuer may also take the steps described in paragraphs 2 - 5 above.

8. Place of performance is Frankfurt am Main.

9. Place of jurisdiction for all disputes and other proceedings in connection with the Securities for merchants, entities of public law, special funds under public law and entities without a place of general jurisdiction in the Federal Republic of Germany is Frankfurt am Main. In such a case, the place of jurisdiction in Frankfurt am Main shall be an exclusive place of jurisdiction.

10. The English version of these Terms and Conditions shall be binding. Any translation is for convenience only.

B.4b **Known trends affecting the Issuer and the industries in which it operates**	Société Générale continues to be subject to the usual risks and the risks inherent in its business. In a context of firming world growth, several risks continue to weigh on global economic prospects: risks of renewed financial tensions in Europe, risks of renewed turbulences (financial, social and political) in emerging economies, uncertainties related to unconventional monetary policy measures implemented in the main developed economies, the rise in terrorist risks as well as of geopolitical and protectionist tensions. More specifically, the group of Société Générale (the "**SG-Group**") could be affected by: • renewed financial tensions in the Eurozone resulting from a return of doubts about the integrity of the monetary union, for example in the run-up to elections in a context of rising eurosceptic political forces; • fears regarding a possible tightening of international trade barriers, in particular in large developed economies (United States or, in the context of Brexit, United Kingdom for example); • a sudden rise in interest rates and markets volatility (bonds, equities and commodities), which could be triggered by inflationary fears, trade tensions or poor communication from main central banks when changing their monetary policy stance; • a sharp slowdown in economic activity in China, triggering capital flight from the country, depreciation pressures on the Chinese currency and, by contagion, on other emerging market currencies, as well as a fall in commodity prices; • worsening geopolitical tensions in the Middle East, South China Sea, North Korea or Ukraine. Further tensions between western countries and Russia could lead to stepping up of sanctions on the latter.

[1]**Summary of information on Société Générale, SGIS and SGE as New SG Issuer and Société Générale as Parent Guarantor (to the extent SGIS or SGE become New SG Issuer) is provided as additional disclosure to take account of the fact that an Issuer-SG Substitution may occur.**

- socio-political tensions in some countries dependent on oil and gas revenues and needing to adapt to reversal in commodities prices.
- From a regulatory perspective, H1 2018 was marked in particular by the European legislative process around the draft CRR2 (a draft of a new regulation on capital requirements for credit institutions) / CRD5 (a new draft directive for capital requirements of credit institutions), therefore the review of the CRR regulation and the capital adequacy directive. This is expected to continue in H2 and include the subjects MREL (Minimum Requirement for own funds and Eligible Liabilities) and TLAC (Total Loss Absorbing Capacity). However, the transposition into European law of the agreement finalising the Basel III reforms is not yet on the agenda as regards European legislative institutions: an impact study is to be launched by the EBA (European Banking Authority) and will serve to draft the future CRR3 (a further new draft for capital requirements of credit institutions) regulation. Other current subjects concern notably the review of the systemic capital buffer for systemically important banks, the ECB's expectations in terms of provisioning the stock of non-performing loans and the review of the regime for investment firms in Europe.

If the Issuer is substituted by SGIS or SGE as New SG Issuer, the payment obligation (including any delivery obligations) of such New SG Issuer will be parent guaranteed by Société Générale.**

	unless otherwise provided by applicable law, rank at least pari passu with all other unsubordinated and unsecured (*nicht dinglich besichert*) obligations of the Issuer. <u>Limitation of Liability</u> The Issuer shall be held responsible for acting or failing to act in connection with Securities only if, and insofar as, it either breaches material obligations under the Securities negligently or wilfully or breaches other obligations with gross negligence or wilfully. <u>Presentation Periods and Prescription</u> The period for presentation of the Securities (§ 801 paragraph 1, sentence 1 German Civil Code (*Bürgerliches Gesetzbuch*) (the "**BGB**")) shall be ten years and the period of limitation for claims under the Securities presented during the period for presentation shall be two years calculated from the expiry of the relevant presentation period.
C.11 **Admission to trading on a regulated market or equivalent market**	- not applicable - Each series of the Securities is not intended to be traded on any regulated market. However, the Issuer intends to list each series of Securities on Nordic MTF Sweden, which is not a regulated market for the purposes of directive 2004/39/EC, with effect from 01 March 2019.
C.15 **Influence of the Underlying on the value of the securities**	The payment of a Redemption Amount will to a significant extent depend upon the performance of the Underlying during the term of the Unlimited TURBO Securities. <u>In detail:</u> If during the Monitoring Period the price of the Underlying has **never been equal to or below** (in case of Type CALL) or **equal to or above** (in case of Type PUT) the applicable Knock-out Barrier, the investor will receive the Redemption Amount which shall be equal to (i) the amount by which the Reference Price of the Underlying on the Valuation Date exceeds (in case of Type CALL) or is exceeded by (in case of Type PUT) the Strike applicable on the Valuation Date multiplied by (ii) the Ratio. If during the Monitoring Period the price of the Underlying has **at least once been equal to or below** (in case of Type CALL) or **equal to or above** (in case of Type PUT) the applicable Knock-out Barrier (the "**Knock-out Event**"), the Redemption Amount determined in the reasonable discretion of the Issuer (*billiges Ermessen*) (§ 315 BGB) may be zero. Subject to a Dividend Adjustment, the Knock-out Barrier for the first Adjustment Period shall be set out in the table annexed to the summary. For each additional Adjustment Period, the Knock-out Barrier shall be newly determined, subject to a Dividend Adjustment. The Issuer will determine it in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) by taking into account the relevant prevailing market conditions (in particular, the volatility). Subject to a Dividend Adjustment, the Strike of the Unlimited TURBO Securities is adjusted on a daily basis by an Adjustment Amount which is determined once a month. The Adjustment Amount also includes the Risk Premium which is determined and retained by the Issuer and will always have a value-decreasing effect on the Redemption Amount payable to investors in the case of Unlimited TURBO Securities. Due to changes in the requirements relating to the Risk Premium, the Risk Premium may increase substantially during the life of the Unlimited

	TURBO Securities compared to the Risk Premium determined on the Launch Date. "**Monitoring Period**" means the period from the Launch Date to the Valuation Date (both dates including) at such point in time at which the Reference Price of the Underlying is determined and published. The Type, the Ratio and the Strike are stated in the table annexed to the summary.

Section D - Risks

The purchase of Securities is associated with certain risks. **The Issuer expressly points out that the description of the risks associated with an investment in the Securities describes only the major risks which were known to the Issuer at the date of the Base Prospectus.**

D.2 **Key risks specific to the Issuer**	Each Tranche of Securities entails an issuer risk, also referred to as debtor risk or credit risk for prospective investors. An issuer risk is the risk that COMMERZBANK becomes temporarily or permanently unable to meet its obligations to pay interest and/or the redemption amount. Furthermore, COMMERZBANK is subject to various risks within its business activities. Such risks comprise in particular the following types of risks:
	<u>Global Financial Crisis and Sovereign Debt Crisis</u> The global financial crisis and sovereign debt crisis, particularly in the Eurozone, have had a significant material adverse effect on the Group's net assets, financial position and results of operations. There can be no assurance that the Group will not suffer further material adverse effects in the future as well, particularly in the event of a renewed escalation of the crisis. Any further escalation of the crisis within the European Monetary Union may have material adverse effects on the Group, which, under certain circumstances, may even threaten the Group's existence. The Group holds Sovereign Debt. Impairments and revaluations of such Sovereign Debt to lower fair values have had material adverse effects on

	the Group's net assets, financial position and results of operations in the past, and may have further adverse effects in the future.
	Macroeconomic Environment The Group's heavy dependence on the economic environment, particularly in Germany, may result in further substantial negative effects in the event of any renewed economic downturn.
	Counterparty Default Risk The Group is exposed to default risk (credit risk), including in respect of large individual commitments, large loans and commitments, concentrated in individual sectors, referred to as "bulk" risk, as well as loans to debtors that may be particularly affected by the sovereign debt crisis. The run-down of the ship finance portfolio is exposed to considerable risks in view of the persistently difficult market environment and the volatility of ship prices and the default risk (credit risk) affected thereby, as well as the risk of substantial changes in the value of collaterals of ships directly-owned. The Group has a substantial number of non-performing loans in its portfolio, and defaults may not be sufficiently covered by collateral or by write-downs and provisions previously taken.
	Market Risks The Group is exposed to a large number of market risks such as market risks in relation to the measurement of equities and fund units as well as in the form of interest rate risks, credit spread risks, currency risks, volatility and correlation risks, commodity price risks.
	Strategic Risks There is a risk that the Group may not benefit from its strategy, or may be able to do so only in part or at higher costs than planned, and that the implementation of planned measures may not lead to the achievement of the desired strategic objectives..
	Risks from the Competitive Environment The markets in which the Group is active, particularly the German market (and, in particular, the private and corporate customer business and investment banking activities) and the Polish market, are characterized by intense competition on price and on transaction terms, which results in considerable pressure on margins.
	Liquidity Risks The Group is dependent on the regular supply of liquidity and a market-wide or company-specific liquidity shortage could have material adverse effects on the Group's net assets, financial position and results of operations.
	Operational Risks The Group is exposed to a large number of operational risks including the risk that employees will enter into excessive risks on behalf of the Group or will violate applicable rules, laws or regulations while conducting business activities and thereby cause considerable losses to appear suddenly, which may also lead indirectly to an increase in regulatory capital requirements. The Bank's operational systems are subject to an increasing risk of cyber-attacks and other internet crime, which could result in losses of customer information, damage the Bank's reputation and lead to regulatory proceedings and financial losses.

	Risks from Bank-Specific Regulation Ever stricter regulatory capital and liquidity standards and procedural and reporting requirements may call into question the business model of a number of the Group's activities, adversely affect the Group's competitive position, reduce the Group's profitability, or make the raising of additional equity capital necessary. Other regulatory reforms proposed in the wake of the financial crisis, for example, charges such as the bank levy, a possible financial transaction tax, the separation of proprietary trading from deposit-taking business, or stricter disclosure and organizational obligations, may materially influence the Group's business model and competitive environment.
	Legal Risk Legal disputes may arise in connection with COMMERZBANK's business activities, the outcomes of which are uncertain and which entail risks for the Group. The outcome of such proceedings as well as regulatory, supervisory and judicial proceedings may have material adverse effects on the Group that go beyond the claims asserted in each case.
	Key risks that are specific to the New SG Issuers and, if applicable, the Parent Guarantor:[4] An investment in the Securities involves certain risks which should be assessed prior to any investment decision. In particular, the SG-Group is exposed to the risks inherent in its core businesses, including: global economic risks: The global economy and financial markets continue to display high levels of uncertainty, which may materially and adversely affect SG-Group's business, financial situation and results of operations. The SG-Group's results may be affected by regional market exposures. The SG-Group operates in highly competitive industries, including in its home market. credit risks: The SG-Group is exposed to counterparty risk and concentration risk. The SG-Group's hedging strategies may not prevent all risk of losses. The SG-Group's results of operations and financial situation could be adversely affected by a significant increase in new provisions or by inadequate provisioning for loan losses. market risks: The protracted decline of financial markets or reduced liquidity in such markets may make it harder to sell assets or manoeuvre trade positions and could lead to material losses. The volatility of the financial markets may cause the SG-Group to suffer significant losses on its trading and investment activities.

[4]Summary of key risks on Société Générale, SGIS or SGE as New SG Issuer and Société Générale as Parent Guarantor (to the extent SGIS or SGE become New SG Issuer) is provided as additional disclosure to take account of the fact that an Issuer-SG Substitution may occur.

The financial soundness and conduct of other financial institutions and market participants could adversely affect the SG-Group.

The SG-Group may generate lower revenues from brokerage and other commission and fee-based businesses during market downturns.

operational risks:

The SG-Group's risk management system may not be effective and may expose the SG-Group to unidentified or unanticipated risks, which could lead to significant losses.

Operational failure, termination or capacity constraints affecting institutions the SG-Group does business with, or failure or breach of the SG-Group's information technology systems, could result in losses.

To prepare its consolidated financial statements in accordance with IFRS as adopted by the European Union, SG-Group relies on assumptions and estimates which, if incorrect, could have a significant impact on its financial statements.

The SG-Group's ability to attract and retain qualified employees, as well as significant changes in the regulatory framework related to employees and compensation, may materially adversely affect its performance.

If the SG-Group makes an acquisition, it may be unable to manage the integration process in a cost-effective manner or achieve the expected benefits.

The SG-Group may incur losses as a result of unforeseen or catastrophic events, including terrorist attacks or natural disasters.

structural interest and exchange risks:

Changes in interest rates may adversely affect the SG-Group's banking and asset management businesses.

Fluctuations in exchange rates could adversely affect the SG-Group's results of operations.

liquidity risk:

The SG-Group depends on access to financing and other sources of liquidity, which may be restricted for reasons beyond its control.

non-compliance and reputational risks, litigation:

Reputational damage could harm the SG-Group's competitive position.

The SG-Group is exposed to legal risks that could negatively affect its financial situation or results of operations.

The SG-Group is subject to an extensive supervisory and regulatory framework in each of the countries in which it operates and changes in this regulatory framework could have a significant effect on the SG-Group's businesses and costs, as well as on the financial and economic environment in which it operates.

A number of exceptional measures taken by governments, central banks and regulators could be amended or terminated.

other risks:

Risks related to the implementation of the SG-Group's strategic plan.

	The creditworthiness and credit ratings of any New SG Issuer may affect the market value of the Securities. The United Kingdom's impending departure from the European Union could adversely affect the SG-Group.
D.6 **Key information on the key risks that are specific to the securities**	<u>No secondary market immediately prior to termination</u> The market maker and/or the exchange will cease trading in the Securities no later than shortly before their termination date. However, between the last trading day and the Valuation Date the price of the Underlying which is relevant for the Securities may still change. This may be to the investor's disadvantage. In addition, there is a risk that a barrier, which is stipulated in the terms and conditions, is reached, exceeded or breached in another way for the first time prior to termination after secondary trading has already ended.
	<u>Securities are unsecured obligations (Status)</u> The Securities constitute unconditional obligations of the Issuer. They are neither secured by the Deposit Protection Fund of the Association of German Banks (*Einlagensicherungsfonds des Bundesverbandes deutscher Banken e.V.*) nor by the German Deposit Guarantee and Investor Compensation Act (*Einlagensicherungs- und Anlegerentschädigungsgesetz*). This means that the investor bears the risk that the Issuer cannot or only partially fulfil the attainments due under the Securities. Under these circumstances, a total loss of the investor's capital might be possible.
	<u>The proposed Financial Transactions Tax (FTT)</u> The European Commission has proposed a common financial transactions tax (FTT) to be implemented in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia. However, Estonia has since stated that it will not participate. The proposed financial transactions tax could apply to certain dealings in the Securities (including secondary market transactions) in certain circumstances. However, the financial transactions tax is still subject to negotiation between the participating EU Member States. Additional EU Member States may decide to participate. Furthermore, it is currently uncertain when the financial transactions tax will be enacted and when the tax will enter into force with regard to dealings with the Securities.
	<u>Risks in connection with the Act on the Recovery and Resolution of Institutions and Financial Groups, with the EU Regulation establishing a Single Resolution Mechanism, and with the proposal for a new EU regulation on the mandatory separation of certain banking activities</u> In the case that the Issuer becomes, or is deemed by the competent supervisory authority to have become, "non-viable" (as defined under the then applicable law) and unable to continue its regulated activities, the terms of the Securities may be varied (e.g. the variation of their maturity), and claims for payment of principal, interest or other amounts under the Securities may become subject to a conversion into one or more instruments that constitute common equity tier 1 capital for the Issuer, such as ordinary shares, or a permanent reduction, including to zero, by intervention of the competent resolution authority ("**Regulatory Bail-in**"). Further, the EU Regulation establishing a Single Resolution Mechanism ("**SRM Regulation**") contains provisions relating to resolution planning, early intervention, resolution actions and resolution instruments. This framework will ensure that, instead of national resolution authorities,

	there will be a single authority – i.e. the Single Resolution Board – which will take all relevant decisions for banks being part of the Banking Union. The proposal for a mandatory separation of certain banking activities adopted by the European Commission on 29 January 2014 prohibits proprietary trading and provides for the mandatory separation of trading and investment banking activities. Should a mandatory separation be imposed, additional costs cannot be ruled out, in terms of higher funding costs, additional capital requirements and operational costs due to the separation, lack of diversification benefits.
	U.S. Foreign Account Tax Compliance Act Withholding The Issuer may be required to withhold tax at a rate of 30% on all, or a portion of, payments made in respect of (i) Securities issued or materially modified after the date that is six months after the date on which the final regulations applicable to "foreign passthru payments" are filed in the Federal Register, (ii) Securities issued or materially modified after the date that is six months after the date on which obligations of their type are first treated as giving rise to dividend equivalents, or (iii) Securities treated as equity for U.S. federal tax purposes, whenever issued, pursuant to certain provisions commonly referred to as the "Foreign Account Tax Compliance Act".
	Risks regarding U.S. Withholding Tax For the Securityholder there is the risk that payments on the Securities may be subject to U.S. withholding tax pursuant to section 871(m) of the U.S. Internal Revenue Code of 1986, as amended.
	Impact of a downgrading of the credit rating The value of the Securities could be affected by the ratings given to the Issuer by rating agencies. Any downgrading of the Issuer's rating by even one of these rating agencies could result in a reduction in the value of the Securities.
	Adjustments and Extraordinary Termination The Issuer shall be entitled to perform adjustments or to terminate and redeem the Securities prematurely if certain conditions are met. This may have a negative effect on the value of the Securities. If the Securities are terminated, the Redemption Amount paid to the holders of the Securities in the event of the extraordinary termination of the Securities may be lower than the amount the holders of the Securities would have received without such extraordinary termination.
	Disruption Events The Issuer is entitled to determine disruption events (e.g. market disruption events) that might result in a postponement of a calculation and/or of any attainments under the Securities and that might affect the value of the Securities. In addition, in certain cases stipulated, the Issuer may estimate certain prices that are relevant with regard to attainments or the reaching of thresholds. These estimates may deviate from their actual value.
	Substitution of the Issuer Pursuant to the terms and conditions, the Issuer is entitled at any time, without the consent of the Securityholders, to appoint another company as the new issuer with regard to all obligations arising out of or in connection with the Securities in its place.

- *Issuer-SG Substitution*

On 2 July 2018 Commerzbank AG has entered into an agreement with Société Générale to sell its Equity Markets & Commodities business (the "**EMC-Business**"), which includes inter alia the issuance and trading of investment and leverage products. The transaction is subject to conditions precedent, inter alia, pre-clearance with competent tax authorities, clearance by competition authorities, approval by further relevant authorities and employee representative committees as well as the finalisation of legal documentation. Therefore the below will only occur to the extent that all clearances and approvals have been granted.

In case of a sale and transfer of the EMC-Business to the SG-Group, all of the Issuer's obligations pursuant to the Securities may be transferred to Société Générale, SGIS or SGE (each, as applicable, as the New SG Issuer) without the consent of any Securityholder ("**Issuer-SG Substitution**") on an effective date of the Issuer-SG Substitution to be agreed upon by the Issuer and the relevant New SG Issuer and notified to the Securityholders in accordance with the terms and conditions.

In case the Issuer's obligations arising from the Securities are transferred to SGIS or SGE, Société Générale as the parent company of the SG-Group and Parent Guarantor, will issue an unconditional and irrevocable parent guarantee for the benefit of the relevant Securityholder relating to the performance of all of such relevant New SG Issuer's payment obligations (including any delivery obligations) arising under the Securities (Parent Guarantee).

In case of an Issuer-SG Substitution, the relevant New SG Issuer may exercise all of the Issuer's rights arising from the Securities with the same effect as if it had been named as Issuer in the terms and conditions. The Securityholders will, upon the Issuer-SG Substitution becoming effective, bear the insolvency risk of such New SG Issuer. The Securityholders will also be exposed to the risk, including the insolvency risk, of the Parent Guarantor (to the extent applicable) and more broadly the SG-Group. In addition, Commerzbank AG will be discharged of its obligations in respect of the Securities and of its liability as obligor under the Securities as from the Issuer-SG Substitution's effective date.

- *Issuer Substitution*

Furthermore, the issuer of the Securities from time to time (which includes the Issuer and may include a New SG Issuer following an Issuer-SG Substitution) has the right to transfer its obligations as issuer to any other company (a "**New Other Issuer**") in accordance with the terms and conditions (the "**Issuer Substitution**").

In case of an Issuer Substitution, the relevant New Other Issuer may exercise all of the Issuer's rights arising from the Securities with the same effect as if it had been named as Issuer in the terms and conditions. The Securityholders will bear the insolvency risk of such New Other Issuer and of the substituted issuer (currently Commerzbank AG) providing a guarantee in relation to the New Other Issuers' obligation under the Securities.

- *Further consequences of a substitution of the issuer*

Any Issuer Substitution or Issuer-SG Substitution may furthermore have tax consequences to the detriment of Securityholders, in particular, but without limitation, if exemptions of the U.S. withholding tax under Section 871(m) of the U.S. Internal Revenue Code of 1986 are potentially lost due to the occurrence of such substitution of the issuer. Each potential investor should consult their own financial, legal and tax advisors to

	discuss any relevant possible implications of a substitution of the issuer prior to the purchase of any Security.
	Risk factors relating to the Underlying The Securities depend on the value of the Underlying and the risk associated with this Underlying. The value of the Underlying depends upon a number of factors that may be interconnected. These may include economic, financial and political events beyond the Issuer's control. The past performance of an Underlying should not be regarded as an indicator of its future performance during the term of the Securities.
	Risk upon exercise The investor bears the risk that the Redemption Amount payable on the Exercise Date is below the purchase price of the Security. The lower (in case of Type CALL) or higher (in case of Type PUT) the Reference Price of the Underlying on the Valuation Date the greater the loss. If during the Monitoring Period the price of the Underlying is at least once equal to or below (in case of Type CALL) or equal to or above (in case of Type PUT) the applicable Knock-out Barrier (the "**Knock-out Event**"), the Securities shall expire without requiring any further action on behalf of the Securityholder. In such case the Redemption Amount determined in the reasonable discretion of the Issuer (*billiges Ermessen*) (§ 315 BGB) may be zero. **The Securityholder will incur a loss that will almost correspond to the full purchase price paid for the Security (total loss)**.
	Risks if the investor intends to sell or must sell the Securities: *Market value risk:* The achievable sale price could be significantly lower than the purchase price paid by the investor. The market value of the Securities mainly depends on the performance of the Underlying, without reproducing it accurately. In particular, the following factors may have an adverse effect on the market price of the Securities: • Changes in the expected intensity of the fluctuation of the Underlying (volatility) • Interest rate development • Development of the dividends of the Share Each of these factors could have an effect on its own or reinforce or cancel each other. *Trading risk:* The Issuer is neither obliged to provide purchase and sale prices for the Securities on a continuous basis on (i) the exchanges on which the Securities may be listed or (ii) an over the counter (OTC) basis nor to buy back any Securities. Even if the Issuer generally provides purchase and sale prices, in the event of extraordinary market conditions or technical troubles, the sale or purchase of the Securities could be temporarily limited or impossible.

Section E - Offer

E.2b	- not applicable -

Reason for the offer and use of proceeds when different from making profit and/or hedging certain risks	Profit motivation
E.3 **Description of the terms and conditions of the offer**	COMMERZBANK offers from 01 March 2019 series of Securities with an issue size and initial issue price per Security as set out in the table annexed to the issue-specific summary.
E.4 **Any interest that is material to the issue/offer including conflicting interests**	The following conflicts of interest can arise in connection with the exercise of rights and/or obligations of the Issuer in accordance with the terms and conditions of the Securities (e.g. in connection with the determination or adaptation of parameters of the terms and conditions), which affect the amounts payable: • execution of transactions in the Underlying • issuance of additional derivative instruments with regard to the Underlying • business relationship with the issuer of the Underlying • possession of material (including non-public) information about the Underlying • acting as Market Maker
E.7 **Estimated expenses charged to the investor by the issuer or the offeror**	The investor can usually purchase the Securities at a fixed issue price. This fixed issue price contains all cost of the Issuer relating to the issuance and the sales of the Securities (e.g. cost of distribution, structuring and hedging as well as the profit margin of COMMERZBANK).

Sammanfattning

Sammanfattningar består av de upplysningskrav som kallas "**Punkter**". Dessa Punkter är numrerade i Avsnitten A–E (A.1–E.7).

Den här sammanfattningen innehåller alla Punkter som måste ingå i en sammanfattning för den här typen av värdepapper och Emittent. Det kan förekomma luckor i numreringen av Punkterna i de fall då Punkterna inte behöver anges.

Även om det krävs information om en Punkt i sammanfattningen på grund av typen av värdepapper och Emittent kan det hända att relevant information om Punkten saknas. I så fall inkluderas en kort beskrivning av Punkten i sammanfattningen, tillsammans med angivelsen "Ej tillämplig".

Avsnitt A - Introduktion och varningar

A.1 **Varningar**	Den här sammanfattningen bör beaktas som en introduktion till Grundprospektet och relevanta Slutliga Villkor. Investerare bör basera sina beslut att investera i Värdepapperen med beaktande av Grundprospektet i sin helhet och de relevanta Slutliga Villkoren. Om ett anspråk gällande informationen i Grundprospektet skulle framställas i en domstol i en medlemsstat i Europeiska ekonomiska samarbetsområdet, EES, kan den investerare som framställer anspråket enligt den nationella lagstiftningen i medlemsstaten själv bli tvungen att svara för kostnaderna för översättningen av detta Grundprospekt och de Slutliga Villkoren innan de rättsliga förfarandena inleds. Civilrättsligt ansvar gäller för de personer som är ansvariga för upprättandet av sammanfattningen, inklusive översättningar därav, eller för utfärdandet av Grundprospektet, men endast om sammanfattningen är vilseledande, felaktig eller oförenlig med övriga delar i Grundprospektet, eller om den inte tillsammans med övriga delar i Grundprospektet ger all nödvändig nyckelinformation. Då information har erhållits från en tredje part (inklusive information som hänför sig till Société Générale S.A., SG Issuer S.A. eller Société Générale Effekten GmbH) kommer sådant civilrättsligt ansvar att begränsas till här angiven korrekt reproduktion av tredje parts information. Avsnitt B – Société Générale S.A., SG Issuer S.A. och Société Générale Effekten GmbH som Ny SG Emittent och Société Générale S.A. som Moderbolagsgarant (som definierat i B.18 i sammanfattningen) (i den utsträckning SG Issuer S.A. eller Société Générale Effekten GmbH blir Ny SG Emittent)[5]

B.1 **Emittentens registrerade firma och handelsbeteckning**	Société Générale S.A., som potentiell Ny SG Emittent.
B.2 **Emittentens säte/ bolagsform/ lag under vilken Emittenten bedriver sin verksamhet/ land i vilket Emittenten bildats**	Säte: 29, boulevard Haussmann, 75009 Paris, Frankrike. Bolagsform: Publikt aktiebolag (*société anonyme*). Lag under vilken SG bedriver sin verksamhet: fransk lag. Land i vilket Emittenten bildats: Frankrike.
B.4b **Kända trender som påverkar Emittenten eller den bransch där Emittenten är verksam**	Société Générale fortsätter att vara föremål för de vanliga riskerna och de risker som är förknippade med dess verksamhet. I en kontext av minskad världstillväxt, tynger fortsatt flera risker den världsekonomiska framtiden: risker för förnyade finansiella spänningar i Europa, risker för förnyad turbulens (finansiella, sociala och politiska) i tillväxtekonomier, osäkerheter relaterade till icke-konventionella penningpolitiska åtgärder som implementerats i de mest utvecklade ekonomierna, ökningen av risk för terrorism liksom geopolitiska och protektionistiska spänningar. Mer specifikt kan Société Générale-koncernen ("**SG-Koncernen**") påverkas av: • förnyade finansiella spänningar i Euroområdet som beror på förnyad tvivel om monetärunionens integritet, till exempel inför val i en kontext av ökade euroskeptiska politiska krafter; • rädsla för en möjlig skärpning av internationella handelshinder, särskilt i stora utvecklade ekonomier (till exempel USA eller Storbritannien i samband med Brexit); • en plötslig ökning av räntenivåer och volatilitet på marknader (obligationer, aktier och råvaror) som kan utlösas av rädsla för inflation, handelsspänningar eller dålig kommunikation från de största centralbankerna när de ändrar sin penningpolitiska hållning; • en kraftig inbromsning av ekonomisk aktivitet i Kina, som triggar kapitalflykt från landet, värdeminskningstryck på den kinesiska valutan, och genom spridning, även till andra växande markandsvalutor, liksom en nedgång i råvarupriserna; • ökade geopolitiska spänningar i Mellanöstern, Sydkinesiska havet, Nordkorea eller Ukraina. Ytterligare spänningar mellan länderna i väst och Ryssland kan leda till intensifierade sanktioner för den sistnämnda.

[5]Sammanfattning av information om Société Générale, SGIS och SGE som Ny SG Emittent och Société Générale som Moderbolagsgarant (i den utsträckning SGIS eller SGE blir Ny SG Emittent) tillhandahålls som ytterligare information för att ta hänsyn till det faktum att ett Emittent-SG Utbyte kan ske.

	• sociopolitiska spänningar i vissa länder beroende av olja- och gasintäkter och som måste anpassas till en återgång i råvarupriser. Från ett regulatorisk perspektiv präglades det första halvåret 2018 särskilt av den europeiska lagstiftningsprocessen om förslaget till CRR2 (ett förslag till en ny förordning om kapitalkrav för kreditinstitut) / CRD5 (ett nytt förslag till direktiv om kapitalkrav för kreditinstitut) därför skedde en översyn av CRR-förordningen och kapitaltäckningsdirektivet. Detta förväntas fortsätta under det andra halvåret och inkludera MREL (Minimikrav på Nedskrivningsbara Skulder) och TLAC (Minimikrav på Total Förlustabsorberingsförmåga). Införlivandet av den överenskommelse som utgör Basel III reformerna till EU-lagstiftning är ännu inte på agandan när det gäller Europeiska lagstiftningsinstitutioner: en konsekvensstudie ska ges ut av EBA (Europeiska Banktillsynsmyndigheten) och kommer att användas för att utarbeta ett förslag till den framtida CRR3 (ett ytterligare nytt förslag om kapitalkrav för kreditinstitut) förordningen. Andra aktuella ämnen gäller framförallt översynen av system kapitalbufferten för systemviktga banker, ECBs förväntningar när det gäller avsättningar på bestånden av osäkra fordringar och översyn av systemet för investmentföretag i Europa.

Ingen väsentlig negativ förändring av Emittentens framtidsutsikter samt väsentliga förändringar i den finansiella ställningen	Inga väsentliga negativa förändringar har ägt rum i SGE-Koncernens framtidsutsikter sedan den 31 december 2017. Ej tillämplig. Inga betydande förändringar har ägt rum i SGE-Koncernens finansiella- eller handelssituation sedan den 30 juni 2018.
B.13 **Nyligen inträffade händelser med väsentlig inverkan på bedömningen av Emittentens solvens**	Ej tillämplig. Det har inte nyligen inträffat några händelser som är specifika för SGE i den utsträckning att de har en väsentlig inverkan på bedömningen av SGEs solvens.
B.14 **Emittentens beroende av andra företag inom koncernen**	Se Punkt B.5 för SGEs ställning inom SG-Koncernen. SGE och således SGE-Koncernen, är beroende av Société Générale inom SG-Koncernen.
B.15 **Emittentens huvudsakliga verksamhet**	SGEs verksamhet som är specificerad i Bolagsordningen är att utfärda och sälja värdepapper och verksamhet i samband med utgivandet och försäljningen av värdepapper, med undantag för övriga verksamheter som kräver godkännande, och förvärv, försäljning, innehav och förvaltning av egna aktier i andra bolag i Tyskland och utomlands, särskilt sådana verksamheter inom den finanansiella- eller tjänstesektorn, i sin bredaste betydelse, i vart fall är rörelse och aktieägande exkluderade för vilka SGE skulle behöva tillstånd eller om denna verksamhet och aktieägande skulle leda till en situation där SGE skulle klassificeras som ett (blandat) finansiellt holdingföretag. SGEs verksamhet inkluerar, utfärdande och placering i värdepapper, främst warranter och certifikat, och andra verksamheter i samband härmed.
B.16 **Kontrollerande parter**	SGE är ett 100 procent ägt dotterbolag till Société Générale och är ett fullt konsoliderat dotterbolag.

B.18[6] **Beskaffenhet och omfattning av Moderbolagsgarantin**	Då Emittent-SG Utbytet (som definierat i D.6 i denna sammanfattning) av Commerzbank med SGIS eller SGE som Ny SG Emittent träder i kraft i enlighet med villkoren, kommer betalningsförpliktelserna (inklusive eventuella leveransförpliktelser) hänförliga till sådana Värdepapper att ovillkorligt och oåterkalleligt garanteras av Société Générale (i denna funktion "**Moderbolagsgaranten**") i enlighet med den garanti som ställts på eller omkring det datum för Emittent-SG Utbytet ("**Moderbolagsgaranti**"). Förpliktelser i enlighet med Moderbolagsgarantin utgör direkt, ovillkorade, icke säkerställda och icke efterställda förpliktelser för Moderbolagsgaranten rankade som seniora prioriterade fordringar, enligt artikel L. 613-30-3 I 3° i den Franska *Code monétaire et financier* (Franska monetära och finansiella lagen) ("**Lagen**")) och kommer åtminstonde att rangordnas *pari passu* med alla andra befintliga och framtida direkt, ovillkorade, icke säkerställda seniora prioriterade fordringar för Moderbolagsgaranten, inklusive de som gäller depositioner. Om Moderbolagsgarantin garanterar förpliktelser för SGIS som Ny SG Emittent, eventuella referenser till summor eller belopp i

[6]Sammanfattning av information om en Moderbolagsgaranti av Société Générale och Société Générale som Moderbolagsgarant tillhandahålls som ytterligare information för att ta hänsyn till det faktum att ett Emittent-SG Utbyte kan ske. Om Emittenten ersätts av SGIS eller SGE som Ny SG Emittent, kommer betalningsförpliktelsen (inklusive eventuella leveransförpliktelser) för en sådan Ny SG Emittent att omfattas av moderbolagsgarantin från Société Générale.

	Moderbolagsgarantin som ska betalas av den Nya SG Emittenten ska anges till sådana summor och/eller belopp som direkt reducerade och/eller vid händelse av omvandling till kapital som reducerad med beloppet för sådan omvandling och/eller som annars justerad från tid till annan som ett resultat av tillämpningen av bail-in befogenheten av behörig myndighet i enlighet med Europaparlamentets och rådets direktiv 2014/59/EU. Om Moderbolagsgarantin garanterar förpliktelser för SGE som Ny SG Emittent, ska eventuella referenser till summor eller belopp i Moderbolagsgarantin som ska betalas av den Nya SG Emittenten anges till sådana summor och/eller belopp som skulle ha varit förfallen till betalning om Société Générale själv var den Nya SG Emittenten och dessa skulle direkt reduceras, och/eller vid händelse av omvandling till kapital, skulle dessa reduceras med det belopp för sådan omvandling, och/eller som dessa annars skulle ha justerats från tid till annan som ett resultat av tillämpningen av bail-in befogenheten av behörig myndighet i enlighet med Europaparlamentets och rådets direktiv 2014/59/EU.
B.19[7] Information om Moderbolagsgaranten som om den var emittenten av samma typ av värdepapper som omfattas av Moderbolagsgarantin	För information om Société Générale som Moderbolagsgarant för Värdepapper för vilka SGIS eller SGE har blivit Ny SG Emittent, hänvisas till punkterna B.1 till B.16 avseende Société Générale som Ny SG Emittent.

Avsnitt C - Värdepapper

C.1 Värdepappers-typ och klass/Värdepappers-identifieringsnummer	<u>Värdepapperstyp/-form</u> Värdepapperna är warranter med en obegränsad löptid ("**Värdepapperna**"). Varje serie av Värdepapper emitteras i dematerialiserad form. <u>Värdepappersidentifieringsnummer</u> Värdepappersidentifieringsnumret/-numren (med andra ord ISIN och Börskod) avseende varje serie av Värdepapperna kommer att anges i den tabell som bifogas till Sammanfattningen.
C.2 Värdepappers valuta	Varje serie av Värdepapperna emitteras i SEK ("**Emitteringsvaluta**").
C.5 Begränsningar i värdepapperens fria överlåtbarhet	Varje serie av Värdepapper är fritt överlåtbara, med förbehåll för överlåtelsebegränsningarna, tillämplig lag samt det regelverk som gäller för clearingsystemet.
C.8 Rättigheter i samband med värdepapperen (däribland värdepapperens rangordning och begränsningar i de rättigheterna)	<u>Gällande lag för Värdepapperna</u> Värdepapperna regleras av och tolkas i enlighet med tysk lag. Upprättandet av Värdepapperna regleras av lagarna i Sverige. <u>Återbetalning</u> Värdepapper berättigar innehavaran att erhålla betalning av ett Inlösenbelopp i Emitteringsvalutan.

[7]Sammanfattning av information om en Moderbolagsgaranti av Société Générale och Société Générale som Moderbolagsgarant tillhandahålls som ytterligare information för att ta hänsyn till det faktum att ett Emittent-SG Utbyte kan ske. Om Emittenten ersätts av SGIS eller SGE som Ny SG Emittent, kommer betalningsförpliktelsen (inklusive eventuella leveransförpliktelser) för en sådan Ny SG Emittent att omfattas av moderbolagsgarantin från Société Générale.

	Om en Knockout-händelse inträffar, Inlösenbeloppet fastställs genom en skälig bedömning av Emittenten (Ty: *billiges Ermessen*) (§ 315 BGB) kan uppgå till noll. <u>Ordinär Uppsägning</u> Emittenten har rätt att med verkan att ordinärt säga upp Värdepapperna per en Ordinär Uppsägningsdag. <u>Justeringar och Extraordinär Uppsägning</u> Under särskilda omständigheter kan Emittenten ha rätt att genomföra vissa justeringar. Utöver detta kan Emittenten ha rätt att extraordinärt säga upp Värdepapperna i förtid om en särskild händelse inträffar. <u>Värdepappernas rangordning</u> De förpliktelser som Värdepapperna ger upphov till utgör direkta, ovillkorade och ej säkerställda (*nicht dinglich besichert*) förpliktelser för Emittenten som, såvida inte annat anges i gällande lag, rangordnas minst *pari passu* med Emittentens andra icke efterställda och ej säkerställda (*nicht dinglich besichert*) förpliktelser. <u>Ansvarsbegränsning</u> Emittenten skall vara ansvarig för handlingar eller underlåtenhet att handla i förhållande till Värdepapperna endast om, och i den mån, den antingen oaktsamt eller uppsåtligt bryter mot väsentliga förpliktelser under Värdepapperna eller grovt oaktsamt eller uppsåtligt bryter mot andra förpliktelser. <u>Presentationstid och Preskription</u> Presentationstiden för Värdepapperna (§ 801 1 st. 1 men. i den tyska civilkoden (Ty: *Bürgerliches Gesetzbuch*) ("**BGB**") skall vara tio år, och preskriptionstiden för fordringar enligt Värdepapperna som presenterats under presentationstiden skall vara två år, beräknad från utgången av den relevanta presentationstiden.
C.11 **Upptagande till handel på en reglerad marknad eller motsvarande marknad**	- Ej tillämplig - Ingen serie av Värdepapperna avses tas upp till handel på någon reglerad marknad. Emittenten avser dock att uppta varje serie av Värdepapper på Nordic MTF Sweden, som inte är en reglerad marknad som avses i direktiv 2004/39/EEG, från och med den 1 mars 2019.
C.15 **Den Underliggande Tillgångens inflytande på värdepapperens värde**	Utbetalning av Inlösenbeloppet kommer i väsentlig utsträckning bero på den Underliggande Tillgångens avkastning under de Obegränsade TURBO-värdepappernas löptid. <u>I detalj:</u> Om ett pris på den Underliggande Tillgången under Övervakningsperioden **aldrig varit lika med eller under** (Typ CALL) eller **lika med eller över** (Typ PUT) den tillämpliga Knockout-barriären, kommer investeraren att erhålla Inlösenbeloppet vilket skall vara lika med (i) det belopp med vilket Referenspriset på den Underliggande Tillgångens Värde på Värderingsdagen överstiger (Typ CALL) eller överskrids med (Typ PUT) det aktuella Lösenpriset på Värderingsdagen multiplicerat med (ii) Multiplikatorn. Om ett pris på den Underliggande Tillgången under Övervakningsperioden **minst en gång varit lika med eller under** (Typ CALL) eller **lika med eller över** (Typ PUT) den tillämpliga Knockout-barriären("**Knockout-händelsen**"), kommer Inlösenbeloppet

	som fastställs av Emittenten efter eget skäliga gottfinnande (*billiges Ermessen)* (§ 315 *BGB*) att kunna bli noll. Föremål för en Utdelningsjustering Knockout-barriär för den första Justeringsperioden skall anges i tabellen vilken bifogas till sammanfattningen. För varje tillkommande Justeringsperiod skall Knockout-barriären fastställas på nytt, föremål för en Utdelningsjustering. Emittenten kommer att fastställa den efter eget skäliga gottfinnande (Ty: *billiges Ermessen*) (§ 315 *BGB*) med iakttagande av rådande marknadsförhållanden (särskilt volatiliteten). Föremål för en Utdelningsjustering Lösenpris på de Obegränsade TURBO-värdepapperna justeras dagligen med ett Justeringsbelopp som bestäms en gång i månaden. Justeringsbeloppet inkluderar också Riskpremien som bestäms och innehas av Emittenten och kommer alltid ha en värdeminskande effekt på Inlösenbeloppet som betalas till investerarna på Obegränsade TURBO-värdepapper. På grund av ändringar i kraven avseende Riskpremien, kan Riskpremien öka väsentligt under de Obegränsade TURBO-värdepappernas löptid jämfört med den Riskpremie som bestämdes på Lanseringsdatumet. Med "**Övervakningsperiod**" menas den period från och med Startdatumet till Värderingsdagen (båda datum inklusive) vid en sådan tidpunkt vid vilken Referenspriset på den Underliggande Tillgången bestäms och publiceras. Typen, Multiplikatorn och Lösenpriset på Startdatumet anges i tabellen vilken bifogas till sammanfattningen.
C.16 **Värderingsdag / Slutdag**	Slutdag Den respektive Slutdag som begärs av Värdepappersinnehavare.
C.17 **Beskrivning av avveckling i samband med värdepapperen**	Varje serie av Värdepapperna som sålts levereras på Betalningsdagen i enlighet med gällande lokal marknadspraxis via clearingsystemet.
C.18 **Leveransrutin (avräkning på inlösendagen)**	Alla belopp som skall betalas enligt Värdepapperna skall betalas till Betalningsagenten för överföring till clearingsystemet eller i enlighet med clearingsystemets instruktion för kreditering av de relevanta kontohavarna på de dagar som anges i tillämpliga villkor. Betalning till clearingsystemet eller i enlighet med clearingsystemets instruktion skall befria Emittenten från dess betalningsförpliktelser under Värdepapperna till det belopp med vilket betalning sker.
C.19 **Slutligt referenspris på den Underliggande Tillgången**	Den kurs på den Underliggande Tillgången som senast fastställts och publicerats av Börsen på Värderingsdagen (stängningskurs).
C.20 **Typ av Underliggande Tillgång och detaljer, om det går att inhämta information om den Underliggande Tillgången**	De underliggande tillgångarna till varje serie av Värdepapperna anges i tabellen vilken bifogas till sammanfattningen (vardera en "**Underliggande Tillgång**"). Information om den Underliggande Tillgången i förhållande till varje serie av Värdepapper är tillgänglig på webbsidan som anges i tabellen vilken bifogas till Sammanfattningen.

Avsnitt D - Risker

Köpet av Värdepapperna är förenat med vissa risker. **Emittenten framhäver särskilt att beskrivningen av riskerna förenade med en investering i Värdepapperna endast beskriver de väsentliga risker som var kända för Emittenten per dagen för Grundprospektet.**

D.2 **Huvudsakliga risker som är specifika för Emittenten**	Varje tranche av Värdepapper medför en emittentrisk, även kallad gäldenärsrisk eller kreditrisk, för presumtiva investerare. En emittentrisk är risken för att COMMERZBANK tillfälligt eller permanent blir oförmöget att fullgöra sina skyldigheter att betala ränta och/eller inlösenbeloppet. Därutöver är COMMERZBANK utsatt för olika risker i samband med sin affärsverksamhet. Sådana risker omfattar i synnerhet följande typer av risker:
	<u>Globala finanskriser och statsskuldskriser</u> De globala finansmarknadskriserna och statsskuldskriserna, i synnerhet i Euroområdet, har haft en betydande väsentligt negativ effekt på Koncernens nettotillgångar, finansiella ställning och rörelseresultat. Det kan inte garanteras att Koncernen inte kommer att drabbas av ytterligare väsentligt negativa effekter i framtiden samt i synnerhet om krisen åter skulle förvärras. Skulle krisen inom Europeiska monetära unionen eskalera ytterligare skulle det kunna innebära väsentligt negativa effekter för Koncernen, vilket, under vissa omständigheter även skulle kunna hota Koncernens existens. Koncernen innehar Statspapper. Nedskrivningar och omvärderingar av sådana Statspapper till ett lägre verkligt värde har tidigare haft väsentligt negativa effekter på Koncernens nettotillgångar, finansiella ställning och rörelseresultat i det förflutna, och kan få ytterligare negativa effekter i framtiden.
	<u>Makroekonomisk miljö</u> Koncernens kraftiga beroende av det ekonomiska klimatet, i synnerhet i Tyskland, skulle kunna resultera i ytterligare avsevärt negativa effekter i det fall den ekonomiska konjunkturen skulle vända ned igen.
	<u>Motpartsrisk</u> Koncernen är exponerad för motpartsrisk (kreditrisk), bland annat beträffande stora enskilda lån och åtaganden koncentrerade till enskilda sektorer – så kallad bulkrisk – samt beträffande lån till gäldenärer som kan påverkas särskilt av statsskuldskrisen. Stängningen av fartygfinansieringsportföljen är exponerad mot avsevärda risker i ljuset av den fortsatta svåra marknadsmiljön och volatiliteten i skeppspriser samt motpartsrisken (kreditrisken) som påverkas därav, liksom risken av betydande förändringar i värdet på säkerheter i direktägda fartyg. Koncernen har i sin portfölj ett stort antal nödlidande lån, och det kan hända att utebliven betalning på lån inte är fullt täckt av säkerheter eller av tidigare gjorda nedskrivningar och avsättningar.
	<u>Marknadsrisker</u> Koncernen är utsatt för ett stort antal marknadsrisker såsom marknadsrisker i förhållande till värderingen av aktier och andelar i fonder, samt för ränterisker, kreditspridningsrisker, valutarisker, volatilitets- och korrelationsrisker samt råvaruprisrisker.
	<u>Strategiska risker</u> Det finns en risk för att Koncernen inte kommer att dra nytta av sin strategi eller endast kommer kunna göra det till viss del eller till högre kostnader än planerat, och att genomförandet av de planerade åtgärderna kanske inte kommer att leda till att de eftersträvade strategiska målen uppnås.
	<u>Risker från konkurrensmiljön</u> De marknader inom vilka Koncernen är aktiv, i synnerhet den tyska marknaden (och i synnerhet affärer vad gäller privat- och företagskunder samt investment banking-verksamhet) och den polska

	marknaden, är karaktäriserade av intensiv konkurrens vad gäller pris och transaktionsvillkor vilket resulterar i avsevärd press på marginalerna.
	Likviditetsrisker Koncernen är beroende av regelbunden tillförsel av likviditet och en marknadsomfattande eller företagsspecifik likviditetsbrist skulle kunna få väsentliga negativa effekter på Koncernens nettotillgångar, finansiella ställning och rörelseresultat.
	Operationella risker Koncernen är utsatt för ett stort antal operationella risker, däribland risken för att medarbetarna utsätter Koncernen för omfattande risker på Koncernens bekostnad eller kommer att bryta mot gällande regler, lagstiftningar eller förordningar vid utförandet av affärsaktiviteter och därigenom orsakar en plötslig uppkomst av avsevärda förluster vilka också indirekt skulle kunna leda till en ökning av kapitalkrav genom statlig reglering. Bankens operationella system är föremål för en ökande risk för cyberattacker och annan internetbrottslighet, vilket kan resultera i förluster av kundinformation, skada Bankens rykte och leda till regulatoriska processer och finansiella förluster.
	Risker från bankspecifik lagstiftning Allt strängare krav avseende kapital och likviditet samt processuella krav och rapporteringskrav kan leda till att affärsmodellen i ett antal av Koncernens verksamheter ifrågasätts och kan få en negativ effekt för Koncernens konkurrenskraft, minska Koncernens lönsamhet eller göra det nödvändigt att anskaffa ytterligare aktiekapital. Andra lagreformer som föreslås i kölvattnet efter finanskrisen, till exempel avgifter såsom bankskatt, en möjlig skatt på finansiella transaktioner, separationen av egenhandel (*proprietary trading*) från placeringsverksamhet eller strängare upplysnings- och organisationskrav, skulle väsentligen kunna påverka koncernens affärmodell och konkurrensmiljö.
	Juridisk risk Tvister kan uppkomma inom COMMERZBANKs affärsverksamhet och deras utfall går inte att förutspå vilket medför risker för Koncernen. Resultatet av sådana processer såsom regulatoriska processer, tillsynsprocesser och rättsliga förfaranden kan få väsentligt negativa effekter på Koncernen, utöver de anspråk som framställs i respektive fall.
	Huvudsakliga risker som är specifika för de Nya SG Emittenterna och, i tillämpliga fall, Moderbolagsgaranten:[8] En investering i Värdepapperen medför vissa risker vilka bör beaktas före eventuella investeringsbeslut. I synnerhet är SG-Koncernen exponerad för de risker som är förknippad med deras kärnverksamheter, inklusive: världsekonomiska risker: Världsekonomin och finansmarknaderna fortsätter att visa höga nivåer av osäkerhet, vilket kan väsentligt och negativt påverka SG-Koncernens verksamhet, finansiella ställning och rörelseresultat. SG-Koncernens resultat kan påverkas av regionala markandsexponeringar.

[8] Sammanfattning av huvudsakliga risker för Société Générale, SGIS eller SGE som Ny SG Emittent och Société Générale som Moderbolagsgarant (i den utsträckning SGIS eller SGE blir Ny SG Emittent) tillhandahålls som ytterligare information för att ta hänsyn till det faktum att ett Emittent-SG Utbyte kan ske.

SG-Koncernen är verksam i konkurrensutsatta branscher, inklusive sin hemmamarknad.

kreditrisker:

SG-Koncernen är exponerad för motpartsrisk och koncentrationsrisk.

SG-Koncernens hedgingstrategier kan inte förhindra all risk för förluster.

SG-Koncernes rörelseresultat och finansiella ställning kan påverkas negativt av en betydande ökning av nya avsättningar eller på grund av bristande avsättning för kreditförluster.

marknadsrisker:

Den långvariga nedgången på finansmarknaderna eller minskad likviditet på sådana marknader kan göra det svårare att sälja tillgångar eller erhålla handelspositioner vilket kan leda till väsentliga förluster.

Volatiliteten på finansmarknaderna kan leda till att SG-Koncernen drabbas av stora förluster i sina handels- och investeringsverksamheter.

Den finansiella sundheten och andra finansiella institutioner och marknadsaktörers uppförande kan negativt påverka SG-Koncernen.

SG-Koncernen kan generera lägre intäkter från mäklar- och andra provisions- och avgiftsbaserade verksamheter under marknadsnedgångar.

operationella risker:

SG-Koncernens riskhanteringssystem kanske inte är effektivt och kan utsätta SG-Koncernen för icke identifierade eller oförutsedda risker, vilket kan leda till betydande förluster.

Verksamhetsmisslyckanden, upphörande eller kapacitetsbegränsningar som påverkar institutioner som SG-Koncernen gör affärer med, eller fel eller intrång i SG-Koncernes informationsteknologisystem kan resultera i förluster.

För att upprätta sin koncernredovisning i enlighet med IFRS som är antagen av Europeiska Unionen, förlitar sig SG-Koncernen på antaganden och uppskattningar vilka, om de är felaktiga, kan ha en betydande inverkan på dess finansiella rapporter.

SG-Koncernens förmåga att attrahera och behålla kvalificerade anställda samt betydande förändringar i regelverket avseende anställda och ersättning kan väsentligt negativt påverka dess resultat.

Om SG-Koncernen gör ett förvärv kan de vara ur stånd att hantera integrationsprocessen på ett kostnadseffektivt sätt eller uppnå de förväntade fördelarna.

SG-Koncernen kan ådra sig förluster till följd av oförutsedda händelser eller katastrofer, inklusive terroristattacker eller naturkatastrofer.

strukturella ränte- och växlingsrisker:

Förändringar i räntenivåer kan väsentligt påverka SG-Koncernens bank- och kapitalförvaltningsverksamheter.

Fluktureringar i växelkurser kan väsentligt påverka SG-Koncernens rörelseresultat.

likviditetsrisk:

	SG-Koncernen är beroende av tillgång till finansiering och andra likvida medel, vilka kan begränsas av skäl som är bortom dess kontroll. <u>bristande regelefterlevnad och anseenderisk, rättstvist:</u> Skadat anseeede kan skada SG-Koncernens konkurrensposition. SG-Koncernen är exponerade för juridiska risker som kan påverka dess fiansiella situation och rörelseresultat negativt. SG-Koncernen är föremål för ett omfattande tillsyns- och regelsystem i vart och ett av de länder där de bedriver verksamhet och förändringar i detta regelverk kan ha en betydande påverkan på SG-Koncernens verksamheter och kostnader, liksom på den finansiella och ekonomiska miljö i vilka den bedriver verksamhet. Ett antal extraordinära åtgärder vidtagna av regeringar, centralbanker och andra tillsynsmyndigheter kan ändras eller avslutas. <u>andra risker:</u> Risker relaterade till implementeringen av SG-Koncernens strategiska plan. Kreditvärdigheten och kreditbetygen för en Ny SG Emittent kan påverka markandsvärdet på Värdepapperena. Storbritanniens förestående lämnade av den Europeiska Unionen kan negativt påverka SG-Koncernen.
D.6 **Viktig information om de nyckelrisker som är specifika för värdepapperen**	<u>Ingen sekundärmarknad omedelbart före uppsägning</u> Marknadsgarantens och/eller börsens handel med Värdepapperna kommer att upphöra senast strax före Värdepappernas uppsägningsdag. Dock kan priset på den Underliggande Tillgången, som är relevant för Värdepapperna, fortfarande ändras mellan den sista handelsdagen och Värderingsdagen. Detta kan vara till investerarens nackdel. Därtill finns en risk att en barriär, som framgår av villkoren, kommer att uppnås, överskridas eller brytas på annat sätt för första gången före uppsägningen men efter att andrahandshandel har upphört.
	<u>Värdepapperna är ej säkerställda förpliktelser (Status)</u> Värdepapperna är ovillkorade förpliktelser för Emittenten. De garanteras varken av den Tyska Bankföreningens Insättningsgarantinämnd (*Einlagensicherungsfonds des Bundesverbandes deutscher Banken e.V.*) eller av den tyska lagen om insättningsgaranti och investerarskydd (*Einlagensicherungs- und Anlegerentschädigungsgesetz*). Det betyder att investerarna bär risken för att Emittenten inte kan fullgöra sina skyldigheter enligt Värdepapperna, eller endast kan fullgöra dem delvis. Under dessa omständigheter är det möjligt att investeraren förlorar hela sitt kapital.
	<u>Den föreslagna Skatten på Finansiella Transaktioner (FTT)</u> Den Europeiska Kommissionen har föreslagit en gemensam skatt på finansiella transaktioner (FTT) att implementeras i Belgien, Tyskland, Estland, Grekland, Spanien, Frankrike, Italien, Österrike, Portugal, Slovenien och Slovakien. Estland har sedan dess emellertid förklarat att landet inte avser att delta i implementeringen av FTT. Den föreslagna skatten på finansiella transaktioner kan under vissa omständigheter komma att omfatta viss handel i Värdepapperna (inkluderat transaktioner på sekundärmarknaden). Skatten på finansiella transaktioner är emellertid föremål för förhandlingar mellan deltagande

	EU-medlemsstater. Ytterligare EU-medlemsstater kan välja att delta. Dessutom är det för närvarande osäkert när skatten på finansiella transaktioner kommer att införas och när skatten kommer att träda i kraft avseende handel med Värdepapperna.
	Risker i samband med EU:s "Krishanteringslag" för återhämtning och resolution av finansiella bolag, tillsammans med EU-förordningen som inrättar en gemensam resolutionsmekanism ("SRM-förordningen") och med förslag till en ny EU-förordning om tvingande uppdelning av vissa bankverksamheter I händelse av att Emittenten blir, eller av den behöriga resolutionsmyndigheten, bedöms ha blivit, ”icke bärkraftig” (enligt definitionen i då gällande lag) och oförmögen att fortsätta med sin tillståndspliktiga verksamhet, kan villkoren för Värdepapperen variera (exempelvis variationen i deras löptid), och krav på betalning av amortering, ränta eller andra belopp under Värdepapperen som kan komma att omvandlas till ett eller flera instrument som utgör kärnprimärkapital för Emittenten (tillhörande tier 1), såsom stamaktier, eller en permanent nedskrivning, även till noll, genom ingripande av den behöriga resolutionsmyndigheten (”**Reglerade skuldnedskrivningar**”). EU-förordningen genom vilken den gemensamma rekonstruktionsmekanismen (”**SRM-förordningen**“) inrättats innehåller bestämmelser hänförliga till resolutionsplanering, tidiga ingripanden, resolutionsåtgärder och resolutionsverktyg. Detta ramverk kommer att säkerställa att det istället för nationella resolutionsmyndigheter inrättas en enda myndighet, den gemensamma resolutionsnämnden, som kommer att fatta alla relevanta beslut för banker som utgör del av Bankunionen. Förslaget för en obligatorisk separation av vissa bankverksamheter antagen av Europeiska kommissionen den 29 januari 2014 förbjuder egenhandel och föreskriver den obligatoriska separationen för handel och investmentbanking verksamheter. Skulle en obligatorisk separation införas, kan ytterligare kostnader inte uteslutas, exempelvis högre finansieringskostnader, ökade kapitalkrav och kostnader förknippade med verksamheten på grund av separationen eller förlust av diversifieringsfördelar.
	Krav på innehållande av källskatt enligt FATCA Emittenten kan tvingas innehålla källskatt på 30 procent på vissa eller samtliga betalningar gjorda avseende (i) Värdepapper som emitteras eller väsentligt ändrats efter den dag som infaller sex månader efter den dag då de slutliga bestämmelserna tillämpliga på så kallade *foreign passthru payments* ges in till US Federal Register, (ii) Värdepapper som emitterats eller som väsentligt ändrats efter den dag som infaller sex månader efter den dag skuldförbindelserna av dess slag först anses ge upphov till till utdelning eller motsvarande, eller (iii) Värdepapper som betraktas som aktier i amerikanskt skatterättsligt hänseende, närhelst de emitterats, enligt särskilda bestämmelser vanligtvis benämnda "Foreign Account Tax Compliance Act".
	Risker avseende innehållande av U.S. källskatt För Värdepappersinnehavaren finns risk att erlagd betalning för Värdepapperen kan bli föremål för U.S. källskatt enligt 871(m) i U.S. Internal Revenue Code 1986, med gjorda ändringar.
	Effekter av en nedgradering av kreditvärdigheten Värdet på Värdepapperna kan påverkas av det kreditbetyg som kreditvärderingsföretag ger Emittenten. En eventuell nedgradering av

	Emittentens kreditvärdighet även om det bara sker i förhållande till ett av dessa kreditvärderingsföretag, skulle kunna resultera i att Värdepapperna minskar i värde.
	Justeringar och Extraordinär Uppsägning Emittenten har rätt att utföra justeringar eller att säga upp och lösa in Värdepapperen i förtid om vissa villkor är uppfyllda. Detta kan få negativa effekter på Värdepapperens värde. Om Värdepapperen sägs upp kan Inlösenbeloppet till Värdepappersinnehavarna i händelse av en uppsägning av Värdepapperen bli lägre än det belopp som Värdepappersinnehavarna skulle ha erhållit utan den extraordinära uppsägningen.
	Störande händelser Emittenten har rätt att fastställa störande händelser (exempelvis marknadsstörande händelser) som kan leda till att beräkningar och/ eller betalningar enligt Värdepapperen skjuts upp, vilket kan påverka Värdepapperens värde. Dessutom kan Emittenten, i vissa fall, göra uppskattningar av vissa priser som har relevans för uppnående eller passerande av trösklar. Dessa uppskattningar kan avvika från det verkliga värdet.
	Utbyte av Emittenten Enligt villkoren, är Emittenten berättigad att när som helst, utan Värdepappersinnehavarnas samtycke, att utse ett annat bolag som den nya emittenten i dess ställe avseende alla skyldigheter som uppstår på grund av eller i samband med Värdepappren. • *Emittent-SG Utbyte* Den 2 juli 2018 har Commerzbank AG ingått ett avtal med Société Générale om att sälja sin Equity Markets & Commodities-verksamhet ("**EMC-verksamheten**"), som *bland annat* inkluderar utgivandet och handel med investerings- och hävstångsprodukter. Transaktionen är villkorad av att vissa villkor uppfylls, *bland annat* förhandsgodkännande av behöriga skattemyndigheter, godkännande av konkurrensmyndigheter, godkännande från ytterligare relevanta myndigheter och arbetstagarrepresentantutskott liksom färdigställande av juridisk dokumentation. Därför kommer endast det som beskrivs nedan att inträffa om alla godkännanden beviljas. I händelse av en försäljning och överföring av EMC-verksamheten till SG-Koncernen, kan Emittentens alla skyldigheter förenade med Värdepappren överföras till Société Générale, SGIS eller SGE (var och en, i tillämpliga fall som den Nya SG Emittenten) utan Värdepappersinnehavarens godkännande ("**Emittent-SG Utbyte**") på ett ikraftträdandedatum för Emittent-SG Utbytet som bestäms av Emittenten och den relevanta Nya SG Emittenten och Värdepappersinnehavarna underrättas i enlighet med villkoren. Om Emittentens förpliktelser som följer av Värdepapperen överförs till SGIS eller SGE, kommer Société Générale som moderbolag i SG-Koncernen och Moderbolagsgarant, att utfärda en ovillkorlig och oåterkallelig moderbolagsgaranti till förmån för den berörda Värdepappersinnehavaren relaterad till verkställandet av sådan Ny SG Emittents alla relevanta betalningsförpliktelser (inklusive eventuella leveransförpliktelser) som uppstår enligt Värdepappren (Moderbolagsgaranti). Vid händelse av ett Emittent-SG Utbyte, kan den relevanta Nya SG Emittenten utöva alla rättigheter förenade med Värdepappren

	med samma effekt som om den hade benämnts Emittent i villkoren. Värdepappersinnehavarna, kommer då Emitttent-SG Utbytet träder i kraft att bära risken för att denna Nya SG Emittent blir insolvent. Värdepappersinnehavarna kommer också att exponeras för risken, inklusive risken för insolvens, för Moderbolagsgaranten (i tillämplig utsträckning) och mer generellt SG-Koncernen. Dessutom kommer Commerzbank AG att befrias från sina skyldigheter avseende Värdepapperen och från sitt ansvar som gäldenär enligt Värdepapperen från och med ikraftträdandedatumet för Emittent-SG Utbytet. • *Emittent Utbyte* Dessutom kan emittenten av Värdepapperen från tid till annan (vilket inkluderar Emittenten och kan inkludera en Ny SG Emittent efter ett Emittent-SG Utbyte) ha rätt att överföra sina skyldigheter som emittent till något annat bolag (en **"Ny Annan Emittent"**) i enlighet med villkoren (**"Emittent Utbytet"**). Vid händelse av ett Emittent Utbyte, kommer den relevanta Nya Andra Emittenten kunna utöva alla Emittentens rättigheter förenade med Värdepapperen med samma effekt som om den hade benämnts Emittent i villkoren. Värdepappersinnehavarna, kommer att bära risken för att denna Nya Andra Emittent blir insolvent och för att den utbytta emittenten (för närvarande Commerzbank AG) ger en garanti avseende den Nya Andra Emittenters skyldigheter förenade med Värdepapperen. • *Ytterligare konsekvenser av ett utbyte av emittenten* Ett eventuellt Emittent Utbyte eller Emittent-SG Utbyte kan dessutom medföra negativa skattekonsekvenser för Värdepappersinnehavarna, särskilt men utan begränsning, om undantagen från U.S källskatt enligt 871 (m) i U.S. International Revenue Code 1986 potentiellt går förlorat på grund av förekomsten av ett sådant utbyte av emittenten. Varje potentiell investerare bör konsultera sina egna finansiella-, juridiska- och skatterådgivare för att diskutera eventuella relevanta konsekvenser av ett utbyte av emittenten före köp av något Värdepapper.
	<u>Riskfaktorer relaterade till den Underliggande Tillgången</u> Värdepapperen är beroende av värdet på den Underliggande Tillgången och den risk som förknippas med den Underliggande Tillgången. Värdet av den Underliggande Tillgången beror på många faktorer som kan höra ihop. Dessa kan innefatta ekonomiska, finansiella och politiska händelser som ligger utanför Emittentens kontroll. Den historiska avkastningen på en Underliggande Tillgång eller en komponent av den Underliggande Tillgången skall inte betraktas som en indikation på framtida avkastning under Värdepapperens löptid.
	<u>Risk vid utövande</u> Investeraren löper risken att det Inlösenbelopp som skall betalas på Slutdagen är mindre än inköpspriset för Värdepapperna. Ju lägre (Typ CALL) eller högre (Typ PUT) Referenspriset på den Underliggande Tillgången är på Värderingsdagen, desto större blir förlusten. Om priset på den Underliggande Tillgången under Övervakningsperioden minst en gång är lika med eller under (typ CALL) eller lika med eller över (typ PUT) den tillämpliga Knockout-barriären ("**Knockout-händelsen**"), skall Värdepapperna förfalla utan att Värdepappersinnehavarna behöver vidta någon åtgärd. I sådant fall kan det Inlösenbelopp som Emittenten fastställer efter eget gottfinnande (*billiges Ermessen*) (§ 315 *BGB*), bli noll. **Värdepappersinnehavarna**

	kommer att ådra sig en förlust som nästan motsvarar hela inköpspriset för Värdepappret (totalförlust).
	Risker om investeraren avser eller måste sälja Värdepapperna: *Marknadsvärderisk:* Det försäljningspris som går att uppnå kan vara väsentligt lägre än det inköpspris som investeraren betalat. Värdepappernas marknadsvärde beror huvudsakligen på den Underliggande Tillgångens utveckling, utan att exakt återge den. I synnerhet kan följande faktorer ha en negativ inverkan på Värdepappernas marknadsvärde: • Förändringar i den förväntade intensiteten i fluktuationerna för den Underliggande Tillgången (volatilitet) • Ränteutveckling • Aktiens utdelningsutveckling Var och en av dessa faktorer kan påverka i sig, eller förstärka eller motverka varandra. *Handelsrisk:* Emittenten är varken skyldig att fortlöpande tillhandahålla köp- och säljkurser för Värdepapperna på (i) de börser där Värdepapperna är noterade eller på (ii) OTC-basis (over the counter), eller att köpa tillbaka Värdepapperna. Även om Emittenten normalt tillhandahåller köp- och säljkurser kan köp och försäljning av Värdepapperna, under extraordinära marknadsvillkor eller vid tekniska problem, tillfälligt begränsas eller omöjliggöras.

Avsnitt E - Erbjudande och försäljning

E.2b **Motiven till erbjudandet och användningen av de medel det förväntas tillföra, om det inte avser lönsamhet eller skydd mot vissa risker**	Ej tillämplig Vinstmotivering
E.3 **Beskrivning av erbjudandets former och villkor**	COMMERZBANK erbjuder från den 1 mars 2019 serier av Värdepapper med en emissionsstorlek och till en inledande emissionskurs per Värdepapper som anges i den tabell som bifogas till den emissionsspecifika sammanfattningen.
E.4 **Eventuella intressen som har betydelse för emissionen/ erbjudandet, inbegripet intressekonflikter**	Nedanstående intressekonflikter kan uppstå i samband med att Emittenten utövar sina rättigheter och/eller skyldigheter i enlighet med villkoren för Värdepapperna (t.ex. i samband med fastställande eller anpassning av parametrar i villkoren), som kan påverka de utbetalningsbara beloppen: • genomförande av transaktioner i den Underliggande Tillgången • emission av ytterligare derivatinstrument med koppling till den Underliggande Tillgången • affärsförhållanden med emittenten av den Underliggande Tillgången

	• innehav av väsentlig (däribland icke-offentlig) information om den Underliggande Tillgången • rollen som Marknadsgarant
E.7 **Beräknade kostnader som kan åläggas investeraren av emittenten eller erbjudaren**	Investeraren kan normalt köpa Värdepapperna till en fast emissionskurs. Den fasta emissionskursen innefattar alla kostnader som Emittenten har i samband med emissionen och försäljningen av Värdepapperna (t.ex. för distribution, strukturering och säkring samt en vinstmarginal för COMMERZBANK).

Fra et regulatorisk perspektiv, H1 2018 kendetegnes især af den europæiske lovgivningsprocess vedrørende CRR2 udkastet (et udkast til ny regulering af kapitalkrav for kreditinstitutioner) / CRD5 (et nyt udkast til direktiv vedrørende kapitalkrav for kreditinstitutter), dermed gennemgangen af CRR forodningen og kapitadækningsdirektivet. Dette forventes at fortsætte i H2 og inkluderer emnerne MREL (minimumskrav til kapitalgrundlag og nedskrivningsrelevante passiver) og TLAC (Tabsabsorberende Kapital). Omsætningen til europæisk lov af aftalen som færdiggør Basel III reformerne er dog endnu ikke på agendaen hos europæiske lovgivende institutioner: et konsekvensstudie vil blive offentliggjort af EBA (Den Eropæiske Banktilsynsmyndighed) og vil fungere som udkast til den kommende CRR3 forordning (et yderligere nyt udkast med kapitalkrav for kreditinstitutter). Andre aktuelle emner vedrører især gennemgangen af den systemiske kapitalbuffer for systemisk vigtige banker, ECBs forventninger i forhold til bestemmelser for porteføljer med misligholdte lån og gennemgangen af regimet for investeringsselskaber i Europa.

Ingen væsentlig forværring i Udsteders resultatforventninger, væsentlige ændringer i Udsteders finansielle stilling	Der er ikke sket nogen væsentlig forværring i SGE-Koncernens resultatforventninger siden 31. december 2017. Ikke relevant. Der er ikke sket nogen væsentlige ændringer i SGE-Koncernens finansielle stilling siden 30. juni 2018.
B.13 **Begivenheder, der er indtruffet for nylig, og som er væsentlige ved bedømmelsen af Udsteders solvens**	Ikke relevant. Der er ikke for nylig indtruffet særlige begivenheder for SGE, som er væsentlige ved bedømmelsen af SGEs solvens.
B.14 **Udsteders afhængighed af andre enheder i koncernen**	Se Element B.5 for en beskrivelse af SGEs placering i SG-Koncernen. SGE og dermed SGE-Koncernen, er afhængig af Société Générale i SG-Koncernen.
B.15 **Beskrivelse af Udsteders hovedaktiviteter**	SGEs formål beskrevet i vedtægterne er udstedelse og salg af værdipapirer og aktiviteter associeret med udstedelse og salg af værdipapirer med undtagelse af aktiviteter, der kræver tilladelse, samt opkøb, salg og håndtering af egne aktier i andre selskaber i Tyskland og i udlandet, i særdeleshed sådanne aktiviteter i den finansielle eller service sektoren i den bredeste forstand. I alle tilfælde er aktiviteter undtaget, der vedrører virksomhed og porteføljer der ville forudsætte at SGE har en tilladelse eller som ville medføre, at SGE vil blive anset for at være en (blandet) finansiel holdingvirksomhed. SGEs virksomhed inkluderer udstedelse og placering af værdipapirer, primært warrants og certifikater og dermed forbunden aktivitet.
B.16 **Kontrollerende parter**	SGE er et 100 % ejet datterselskab til Société Générale og er et fuldt konsolideret datterselskab.

B.18[10] **Moderselskabsgarantiens omfang**	I tilfælde af Udsteder-SG Substitution (som defineret i D.6 i dette resumé) af Commerzbank med SGIS eller SGE som Ny SG Udsteder i overensstemmelse med Vilkårene vil betalingsforpligtelserne (samt eventuelle leveringsforpligtelser) i henhold til Værdipapirerne blive garanteret ubetinget og uigenkaldeligt af Société Générale (i funktion af "**Moderselskabs Garantistiller**") i overensstemmelse med den garanti, der er stillet i forbindelse med Udsteder-SG Substitution ("**Moderselskabsgarantien**").

[10]Resumé af oplysninger om Moderselskabsgaranti fra Société Générale og Société Générale som Moderselskabs Garantistiller er desuden oplyst for at tage højde for at Udsteder-SG Substitution kan ske. Såfremt Udsteder er erstattet med SGIS eller SGE som Ny SG Udsteder, så vil betalingsforpligtelsen (samt eventuelle leveringsforpligtelser) som Ny SG Udsteder bliver underlagt, garanteres af Société Générale.

	Forpligtelserne i henhold til Moderselskabsgarantien udgør direkte, ubetingede, usikrede og ikke-efterstillede forpligtelser for Moderselskabs Garantistiller, der rangerer som ikke-efterstillede forpligtelser som beskrevet i artikel L. 613-30-3 I 3° i French *Code monétaire et financier* (Den Franske finansielle lovgivning ("FCM")) og som vil rangere mindst sideordnet med alle andre af Moderselskabs Garantistillers forpligtelser såvel eksisterende og fremtidige, direkte, ubetingede, usikrede og ikke-efterstillede forpligtelser, inklusiv indskudsforpligtelser. Såfremt Moderselskabsgarantien garanterer SGIS' forpligtelser som Ny SG Udsteder, skal alle referencer i Moderselskabsgarantien til summer eller beløb som Ny SG Udsteder skal betale, være til beløb som direkte er nedbragt, og/eller hvis konverteret til aktier, reduceret med størrelsen af denne konvertering, og/eller på andre måder ændret fra tid til anden i forbindelse med udøvelse af en bail-in rettighed af en relevant tilsynsmyndighed i henhold til Europa Parlamentets og Rådets direktiv 2014/59/EU. I tilfælde af, at Moderselskabsgarantien garanterer forpligtelser på vegne af SGE som Ny SG Udsteder, skal eventuelle referencer i Moderselskabsgarantien til summer eller beløb, der betales af den Ny SG Udsteder, være til sådanne summer og/eller beløb, der ville forfalde såfremt Société Générale selv var Ny SG Udsteder, og som ville blive direkte nedsat, og/eller hvis konverteret til aktier, reduceret med størrelsen af denne konvertering, og/eller på andre måder ændret fra tid til anden i forbindelse med udøvelse af en bail-in rettighed af en relevant tilsynsmyndighed i henhold til Europa Parlamentets og Rådets direktiv 2014/59/EU.
B.19[11] **Oplysninger om Moderselskabs Garantistiller som var det udsteder af samme type sikkerhed som er omfattet af Moderselskabsgarantien**	Oplysninger om Société Générale som Moderselskabs Garantistiller af Værdipapirer som SGIS eller SGE er blevet Ny SG Udsteder af kan findes under element B.1 til B.6 for så vidt angår Société Générale som Ny SG Udsteder.

Afsnit C – Værdipapirer

C.1 **Værdipapirtype og -klasse/ fondskode**	Værdipapirtype og -klasse Værdipapirerne er warrants med en ubegrænset løbetid ("**Værdipapirerne**"). Hver værdipapirserie udstedes i papirløs form. Fondskodenummer(numre) for Værdipapirerne Fondskodenummer(numre) (dvs. ISIN-kode og Børskode) for hver værdipapirserie fremgår af den til dette Resumé vedhæftede oversigt.
C.2 **Værdipapirernes Udstedelses-valuta**	Hver værdipapirserie udstedes i SEK ("**Udstedelsesvaluta**").
C.5 **Indskrænkninger i værdipapirernes omsættelighed**	Hver værdipapirserie er frit omsættelig, med forbehold for udbuds- og salgsbegrænsninger, gældende lovgivning og de for clearingsystemet gældende regler og retningslinjer.

[11] **Resumé af oplysninger om Moderselskabsgaranti fra Société Générale og Société Générale som Moderselskabs Garantistiller er desuden oplyst for at tage højde for at Udsteder-SG Substitution kan ske. Såfremt Udsteder er erstattet med SGIS eller SGE som Ny SG Udsteder, så vil betalingsforpligtelsen (samt eventuelle leveringsforpligtelser) som Ny SG Udsteder bliver underlagt, garanteres af Société Générale.**

C.8 **Værdipapirernes rettigheder (herunder rangorden af Værdipapirerne og begrænsninger i disse rettigheder)**	Gældende ret for Værdipapirerne Værdipapirerne reguleres af og fortolkes i henhold til tysk ret. Oprettelsen af Værdipapirerne reguleres af lovgivningen i Kongeriget Sverige. Indløsning De pågældende Værdipapirer giver indehaverne ret til at modtage et Indløsningsbeløb i Udstedelsesvalutaen. Hvis en Knock-out Begivenhed indtræffer, Indfrielsesbeløbet fastsættes efter rimeligt skøn for Udstederen (*billiges Ermessen*) (§ 315 BGB) udgøre nul. Almindelig Afvikling Udsteder er berettiget til at afvikle Værdipapirerne på almindelig vis med virkning pr. en Almindelig Afviklingsdato. Justeringer og Ekstraordinær Afvikling Udsteder kan under visse omstændigheder være berettiget til at foretage visse justeringer. Udsteder kan desuden være berettiget til at afvikle Værdipapirerne ekstraordinært før tid i tilfælde af, at en specifik begivenhed indtræder. Værdipapirernes rangorden Værdipapirerne udgør direkte, ubetingede og usikrede (*nicht dinglich besichert*) forpligtelser på Udsteder, og er, medmindre andet følger af gældende lovgivning, mindst sideordnet med alle øvrige ikke-efterstillede og usikrede (*nicht dinglich besichert*) forpligtelser på Udsteder. Ansvarsbegrænsning Udsteder kan alene holdes ansvarlig for handlinger eller undladelser i forbindelse med Værdipapirerne, såfremt og i det omfang Udsteder uagtsomt eller forsætligt misligholder væsentlige forpligtelser i henhold til Værdipapirerne, eller såfremt og i det omfang Udsteder groft uagtsomt eller forsætligt misligholder øvrige forpligtelser. Anmeldelsesperioder og forældelse Anmeldelsesperioden for Værdipapirerne (§ 801, stk. 1, første pkt., i den tyske civillovbog (*Bürgerliches Gesetzbuch*) ("**BGB**")) er ti år, og forældelsesfristen for krav i henhold til Værdipapirerne, som fremsættes i anmeldelsesperioden, er to år regnet fra udgangen af den pågældende anmeldelsesperiode.
C.11 **Optagelse til handel på et reguleret eller tilsvarende marked**	- ikke relevant - Ingen af værdipapirserierne påtænkes handlet på noget reguleret marked. Udstederen har dog til hensigt at notere hver serie af værdipapirer på Nordic MTF Sweden, der ikke er et reguleret marked i henhold til direktiv 2004/39/EC, med ikrafttræden 1. marts 2019.
C.15 **Det Underliggende Aktivs indflydelse på værdipapirernes værdi**	Betaling af et Indfrielsesbeløb vil i væsentligt omfang afhænge af det Underliggende Aktivs resultatudvikling i de Ubegrænsede TURBO-Værdipapirers løbetid. Nærmere beskrivelse: Hvis en kurs på det Underliggende Aktiv i Overvågningsperioden **aldrig har været lig med eller under** (for Typen CALL) eller **lig med eller over** (for Typen PUT) den relevante Knock-out Grænsen, vil investor modtage Indfrielsesbeløbet, som skal være lig

	med (i) beløbet som ved Referencekursen på det Underliggende Aktiv på Værdiansættelsesdatoen overstiger (for Typen CALL) eller er oversteget af (for Typen PUT) Aftalesatsen, der gælder på Værdiansættelsesdatoen, multipliceret med (ii) Forholdstallet. Hvis kursen på det Underliggende Aktiv i Overvågningsperioden **mindst en gang har været lig med eller under** (for Typen CALL) eller **lig med eller over** (for Typen PUT) den relevante Knock-out Grænsen ("**Knock-out Begivenheden**"), kan det Indfrielsesbeløb, der er fastsat efter Udsteders rimelige skøn (*billiges Ermessen*) (§ 315 i BGB) udgøre nul. Med forbehold for Udbyttejustering skalKnock-out Grænsen for den første Justeringsperiode skal fremgå af den til dette resumé vedhæftede oversigt. For hver yderligere Justeringsperiode skal Knock-out Grænsen være nyligt fastsat med forbehold af Udbyttejustering. Udsteder vil fastsætte den efter sit eget rimelige skøn (*billiges Ermessen*) (§ 315 i BGB) under hensyntagen til relevante gældende markedsforhold (særligt volatiliteten). Med forbehold for Udbyttejustering Aftalesatsen for de Ubegrænsede TURBO Værdipapirer justeres dagligt med et Justeringsbeløb, som fastsættes en gang om måneden. Justeringsbeløbet omfatter også Risikopræmien, som fastsættes og fastholdes af Udsteder og vil altid have en nedadgående virkning i værdi på Indfrielsesbeløbet, der skal betales til investorer for så vidt angår Ubegrænsede TURBO Værdipapirer. På grund af ændringer i kravene til Risikopræmien, kan Risikopræmien stige betydeligt i løbet af de Ubegrænsede TURBO Værdipapirers levetid sammenlignet med Risikopræmien, der blev fastsat på Startdatoen. "**Overvågningsperioden**" betyder perioden fra Startdatoen til Værdiansættelsesdatoen (begge datoer inklusive) på det tidspunkt hvor Referencekursen på det Underliggende Aktiv fastsættes og offentliggøres. Typen, Forholdstallet og Aftalesatsen på Startdatoen fremgår af den til dette resumé vedhæftede oversigt.

Afsnit D – Risici

Køb af Værdipapirer er forbundet med visse risici. **Udsteder gør udtrykkeligt opmærksom på, at beskrivelsen af de risici, der er forbundet med en investering i Værdipapirerne, alene er en beskrivelse af de større risici, der var Udsteder bekendt på datoen for Basisprospektet.**

D.2 **De vigtigste risici, der specifikt vedrører Udsteder**	Hver Tranche af Værdipapirer indebærer en udstederrisiko, også kaldet en debitorrisiko eller kreditrisiko for potentielle investorer. En udstederrisiko er risikoen for, at COMMERZBANK midlertidigt eller varigt bliver ude af stand til at opfylde sine forpligtelser til at udbetale rente og/ eller indløsningsbeløbet. Derudover er COMMERZBANK eksponeret mod forskellige risici, der er forbundet med Bankens forretningsaktiviteter. Disse risici omfatter særligt følgende typer af risici:
	<u>Global finans- og gældskrise</u> Den globale finans- og gældskrise, specielt i Eurozonen, har haft en væsentlig negativ indvirkning på Koncernens nettoformue, finansielle stilling og driftsresultat. Der kan ikke gives sikkerhed for, at krisen ikke også fremover vil have en væsentlig negativ indvirkning på Koncernen, særligt i tilfælde af en fornyet optrapning. Enhver yderligere optrapning af krisen inden for den Europæiske Monetære Union kan have en væsentlig negativ indvirkning på Koncernen, som under visse omstændigheder måske endda kan true Koncernens eksistens. Koncernen har en beholdning af Statspapirer. Ned- og opskrivninger af sådanne Statspapirer til lavere dagsværdier har hidtil haft en væsentlig negativ indvirkning på Koncernens nettoformue, finansielle stilling og driftsresultat og kan have en yderligere negativ indvirkning fremadrettet.
	<u>Det makroøkonomiske miljø</u> Koncernens store afhængighed af det økonomiske miljø, særligt i Tyskland, kan have en yderligere væsentlig negativ indvirkning i tilfælde af en eventuel fornyet økonomisk tilbagegang.
	<u>Modpartsrisiko</u> Koncernen er udsat for modpartsrisici (kreditrisici), herunder i forhold til større enkeltengagementer, større lån og engagementer, der er koncentreret på enkelte brancher, også kaldet "bulkrisici", samt lån til debitorer, som kan være særligt berørte af statsgældskrisen. Indskrænkningen af skibsfinansieringsporteføljen er eksponeret mod betydelige risici i lyset af de vedvarende vanskelige markedsforhold og udsvingene i priserne på skibe og modpartsrisikoen (kreditrisikoen), som berøres heraf, samt risikoen for store ændringer i værdien af sikkerhed i direkte ejede skibe. Koncernen har et stort antal misligholdte lån i sin portefølje, og misligholdelser er ikke nødvendigvis tilstrækkeligt dækkede af sikkerhedsstillelsen eller af nedskrivninger og hensættelser, der er foretaget tidligere.
	<u>Markedsrisici</u> Koncernen er eksponeret mod et stort antal markedsrisici, såsom markedsrisici i forbindelse med måling af aktier og foreningsandele samt i form af renterisici, kreditspredningsrisici, valutarisici, volatilitets- og korrelationsrisici og risici forbundet med udsving i råvarepriser.

	Strategiske risici Der er en risiko for, at Koncernen ikke profiterer af sin strategi eller kun delvist vil være i stand til at gøre det eller kun til højere omkostninger end planlagt, og at implementeringen af de planlagte tiltag ikke fører til, at de ønskede strategiske mål rent faktisk opnås.
	Risici forbundet med konkurrenceforholdene De markeder, som Koncernen opererer på, særligt det tyske marked (og i særdeleshed privat- og erhvervskundeområdet og investeringsbankaktiviteterne) og det polske marked, er præget af intens konkurrence på pris og på transaktionsvilkår, hvilket resulterer i et væsentligt marginpres.
	Likviditetsrisici Koncernen er afhængig af en fast likviditetstilførsel, og en markedsomspændende eller virksomhedsspecifik likviditetsmangel kunne have en væsentlig negativ indvirkning på Koncernens nettoformue, finansielle stilling og driftsresultat.
	Operationelle risici Koncernen er eksponeret mod en lang række operationelle risici, herunder at medarbejdere på vegne af Koncernen indgår i alt for vidtgående risici eller ved deres forretningsførelse overtræder compliance-regler gældende regler, love og bestemmelser og derved er skyld i, at Koncernen pådrager sig betydelige tab på kort tid, hvilket også indirekte kan føre til en stramning af de lovgivningsmæssige kapitalkrav. Bankens operationelle systemer er udsat for en stigende risiko for cyberangreb og anden internetkriminalitet, som ville kunne forårsage tab af kundeoplysninger, skade Bankens ry og føre til regulatoriske retssager og finansielle tab.
	Risici som følge af bankspecifik regulering Endnu strammere lovgivningsmæssige kapital- og likviditetsstandarder samt proceduremæssige krav og rapporteringskrav kan bevirke, at der sættes spørgsmålstegn ved forretningsmodellen for en række af Koncernens aktiviteter, at Koncernens konkurrenceposition påvirkes negativt, at Koncernens profitabilitet reduceres eller nødvendiggør en forhøjelse af egenkapitalen. Andre lovgivningsmæssige reformer, der foreslås i kølvandet af finanskrisen, fx gebyrer så som bankafgiften, en potentiel afgift på finansielle transaktioner, adskillelse af egenhandel fra indlånsvirksomhed, eller strengere oplysnings- og organisatoriske krav, kan have en væsentlig indvirkning på Koncernens forretningsmodel og konkurrencesituation.
	Juridisk risiko Der kan opstå retstvister i forbindelse med COMMERZBANKs forretningsaktiviteter, hvis udfald er usikre, og som medfører en risiko for Koncernen. Udfaldet af sådanne sager så vel som regulatoriske, tilsynsmæssige sager samt retssager kan have en væsentlig negativ indvirkning på Koncernen, som strækker sig udover de i hvert enkelt tilfælde fremsatte krav.
	De vigtigste risici, der specifikt vedrører Ny SG Udsteder og hvor relevant, Moderselskabs Garantistiller:[12]

[12] Resumé af væsentlige risici for Société Générale, SGIS eller SGE som Ny SG Udsteder og Société Générale som Moderselskabs Garantistiller (I det omfang SGIS eller SGE bliver Ny SG Udsteder) er fremlagt som yderligere oplysninger for at tage højde for at en Udsteder-SG Substitution kan forekomme.

En investering I Værdipapirerne indebærer betydelige risici, der bør vurderes forud for en investeringsbeslutning.

I særdeleshed er SG-Koncernen eksponeret mod risici, der er forbundet med koncernens forretningsaktiviteter, herunder:

Globale økonomiske risici:

Den globale økonomi og de finansielle markeder fortsætter med at udvise stor grad af usikkerhed, som materielt kan have negativ indvirkning på SG-Koncernens forretning, finansielle stilling og resultater.

SG-Koncernens resultater kan blive påvirket af regional markeds eksponering.

SG-Koncernen opererer i industrier, der er præget af intens konkurrence, herunder koncernens nærmeste marked.

Kredit risici:

SG-Koncernen er eksponeret mod modparts risici og koncentrations risici.

Det er muligt, at SG-Koncernens hedging strategi ikke kan forebygge alle tabsrisici.

SG-Koncernens resultater og finansielle situation kan blive påvirket negativt ved en væsentlig stigning i nye hensættelser eller ved utilstrækkelig hensættelser til tab på lån.

Markeds risici:

Det langvarige forfald af det finansielle marked eller den begrænsede likviditet i disse markeder kan medføre, at det er svært at sælge aktiver eller manøvrere handelspositioner, hvilket kan medføre væsentlige tab.

Volatiliteten på de finansielle markeder kan medføre, at SG-Koncernen lider væsentlige tab på deres handels- og investerings aktiviteter.

Den finansielle soliditet og andre finansielle institutioners og markeds deltageres adfærd kan have en væsentlig negativ indvirkning på SG-Koncernen.

SG-Koncernen kan generere lavere indkomst fra fra mæglerprovision og andre provisioner og salær-baseret forretning i perioder med konjunkturnedgang.

Operationel risici:

SG-Koncernens risk management system kan vise sig ikke at være effektivt og kan potentielt udsætte SG-Koncernen for uidentificeret og uventet risici, som kan medføre betydelige tab.

Operationelle driftsforstyrrelser, ophør eller kapacitets begrænsninger, der påvirker institutioner, som SG-Koncernen handler med, eller fejl eller brud på SG-Koncernens informationssystemer, kan medføre væsentlige tab.

For at forberede koncernregnskabet i overensstemmelse med IFRS som vedtaget af EU, har SG-Koncernen benyttet forudsætninger og estimater, som, såfremt de er ukorrekte, kan have en væsentlig indvirkning på SG-Koncernens regnskaber.

SG-Koncernens evne til at tiltrække og fastholde kvalificerede medarbejdere, samt væsentlige ændringer i de regulatoriske

	rammevilkår i forhold til medarbejdere og aflønning, kan have væsentlig negativ indvirkning på SG-Koncernens præstation. Såfremt SG-Koncernen gennemfører et opkøb, er der mulighed for, at det er ude af stand til at håndtere integrationsprocessen på en omkostningseffektiv måde og dermed opnå de forventede fordele. SG-Koncernen kan udsættes for tab som følge af uforudsete eller katastrofale begivenheder, herunder terrorangreb eller natur katastrofer. <u>Strukturel rente og valutakurser:</u> Ændringer i rentesatser kan have negativ indvirkning på SG-Koncernens forretning inden for bank og formueforvaltning. Svingninger I valutakurser kan have negativ indvirkning på SG-Koncernens resultat. <u>Likviditets risici:</u> SG-Koncernen er afhængig af adgang til finansiering og andre kilder til likviditet, hvilket kan være begrænset som følge af begivenheder, der ligger uden for SG-Koncernens kontrol. <u>Non-compliance og omdømme risici, tvister:</u> Tab af omdømme kan have negativ indvirkning på SG-Koncernens konkurrencemæssige stilling. SG-Koncernen er udsat for juridiske risici, der kan have negativ indvirkning på koncernens finansielle situation eller resultat. SG-Koncernen er underlagt et omfattende tilsyn og en regulatorisk ramme i hvert af de lande, hvor koncernen opererer og ændringer af de regulatoriske rammevilkår kan have en væsentlig indvirkning på SG-Koncernens forretning og omkostninger, samt på det finansielle og økonomiske miljø, hvori koncernen opererer. Et antal usædvanlige foranstaltninger implementeret af regeringer, central banker og tilsynsmyndigheder kan blive ændret eller ophævet. <u>Andre risici:</u> Risici relateret til implementeringen af SG-Koncernens strategiske plan. Kreditværdigheden og kreditvurderinger af Ny SG Udsteder kan have indvirkning på markedsværdien af Værdipapirerne. Englands forestående udmelding af EU kan have negativ indvirkning på SG-Koncernen.
D.6 **Nøgleoplysninger om de vigtigste risici, der er specifikke for værdipapirerne**	<u>Ikke noget sekundært marked umiddelbart forud for afvikling</u> Prisstilleren og/eller børsen ophører med at handle med Værdipapirerne senest umiddelbart før afviklingsdatoen. Kursen på det for Værdipapirerne Underliggende Aktiv kan dog stadig ændre sig i perioden mellem den sidste handelsdag og Værdiansættelsesdatoen. Dette kan være til investors ulempe. Desuden er der risiko for, at en grænse, der er fastsat i vilkårene og betingelserne, nås, overskrides eller på anden måde brydes for første gang før afvikling, efter den sekundære handel allerede er afsluttet.
	<u>Værdipapirerne udgør usikrede forpligtelser (Status)</u>

	Værdipapirerne udgør ubetingede forpligtelser på Udsteder. Værdipapirerne er hverken sikret af sammenslutningen af tyske bankers indskydergarantifond (*Einlagensicherungsfonds des Bundesverbandes deutscher Banken e.V.*) eller i henhold til den tyske lov om indskydergaranti og investorkompensation (*Einlagensicherungsfonds- und Anlegerentschädigungsgesetz*). Det betyder, at investor bærer risikoen for, at Udsteder ikke kan eller kun delvist kan opfylde de opnåede resultater i henhold til Værdipapirerne. Investor risikerer under disse omstændigheder at miste hele sin investering.
	Den foreslåede Afgift på Finansielle Transaktioner (FT-afgift) Europa-Kommissionen har fremsat forslag om en fælles afgift på finansielle transaktioner (FT-afgift), som skal implementeres i Belgien, Tyskland, Estland, Grækenland, Spanien, Frankrig, Italien, Østrig, Portugal, Slovenien og Slovakiet. Estland har dog senere tilkendegivet, at de ikke vil deltage. Den foreslåede FT-afgift kan under visse omstændigheder blive pålagt visse handler i Værdipapirerne (herunder transaktioner på det sekundære marked). FT-afgiften er dog stadig genstand for forhandlinger mellem de deltagende EU-Medlemsstater. Flere Medlemsstater kan beslutte at deltage. Det er desuden på nuværende tidspunkt usikkert, hvornår FT-afgiften vedtages, og hvornår afgiften træder i kraft i forhold til handler i Værdipapirerne.
	Risici i forbindelse med den tyske lov om genopretning og afvikling af institutter og finansielle koncerner, EU-forordningen om en fælles afviklingsmekanisme og forslaget til en ny EU forordning vedrørende obligatorisk adskillelse af visse bankaktiviteter. Såfremt Udstederen bliver eller af den kompetente tilsynsmyndighed findes ikke længere at være ”levedygtig” (som defineret i den på tidspunktet gældende lovgivning) og ude af stand til at fortsætte sine regulerede aktiviteter, kan betingelserne for Værdipapirerne afviges (f.eks. afvigelse af deres forfaldsdag) og krav om betaling af kapital, renter eller andre beløb forbundet med Værdipapirerne kan blive underlagt omveksling til et eller flere midler, der udgør Common Equity Tier 1 Capital for Udstederen, såsom almindelige aktier, eller en permanent reduktion, herunder ligeledes til 0, ved intervention af den kompetente tilsynsmyndighed (”Regulatory Bail-in”) EU-forordningen om en fælles afviklingsmekanisme (*Single Resolution Mechanism*) ("**SRM-forordningen**") indeholder bestemmelser om afviklingsplanlægning, tidlige indgreb, afviklingsforanstaltninger og afviklingsinstrumenter. Dette regelsæt vil sikre, at der i stedet for nationale afviklingsmyndigheder vil være en enkelt myndighed – dvs. Den Fælles Afviklingsinstans – som vil træffe alle relevante beslutninger for banker, som er en del af Bankunionen. Forslaget om obligatorisk adskillelse af visse finansielle aktiviteter, som vedtaget af Kommissionen den 29. januar 2014, forhindrer handel med egne positioner (”proprietary trading”) og medfører obligatorisk adskillelse af aktiviteter i forbindelse med handel og investeringsbank. Såfremt en obligatorisk adskillelse bliver pålagt, kan det ikke udelukkes at ville medføre yderligere omkostninger i form af højere finansieringsomkostninger, yderligere kapitalkrav og driftsomkostninger som følge af adskillelsen og manglende fordele ved diversificering.
	Skatteindeholdelse i henhold til FATCA-loven Udsteder kan være forpligtet til at indeholde skat på 30 % af alle, eller en del af alle, betalinger foretaget for så vidt angår (i) Værdipapirer, der udstedes, eller som i væsentlig grad ændres efter den dato, der ligger

	seks måneder efter datoen for indgivelse til det føderale register af de for udenlandske gennemstrømsbetalinger (*foreign passthru payments*) gældende endelige regler eller (ii) Værdipapirer, der udstedes, eller som i væsentlig grad ændres efter den dato, der ligger seks måneder efter den dato, hvor forpligtelser af denne type første gang behandles som om de gav anledning til udbetaling svarende til udbytte, eller (iii) Værdipapirer, der i amerikansk føderal skattemæssig henseende behandles som egenkapitalinstrumenter ved udstedelse i henhold til visse bestemmelser sædvanligvis omtalt som ”FATCA-loven”.
	Risici vedrørende skatteindeholdelse i USA For Værdipapirsindehaveren er der risiko for, at betalinger vedrørende Værdipapiret underlægges skatteindeholdelse i medfør af sektion 871(m) i U.S. Internal Revenue Code af 1986 med ændringer.
	Effekten af en nedgradering af Udsteders kreditvurdering Værdien af Værdipapirerne kan påvirkes af den kreditvurdering, som Udsteder opnår hos kreditvurderingsbureauerne. En nedgradering af Udsteders kreditvurdering hos blot et af disse kreditvurderingsbureauer kan medføre et fald i værdien af Værdipapirerne.
	Justeringer og Ekstraordinær Afvikling Udsteder er berettiget til at foretage justeringer i forhold til Værdipapirerne eller til at afvikle og indløse Værdipapirerne førtidigt, forudsat at visse betingelser er opfyldt. Dette kan have en negativ indvirkning på Værdipapirernes værdi. Hvis Værdipapirerne afvikles, kan Indfrielsesbeløbet til indehaverne af Værdipapirerne i tilfælde af Værdipapirernes førtidige afvikling, være lavere end det beløb, som indehaverne af Værdipapirerne i modsat fald ville have opnået.
	Forstyrrende Begivenheder Udsteder er berettiget til at fastlægge forstyrrende begivenheder (f.eks. markedsforstyrrende begivenheder), som kan medføre udsættelse af en beregning og/eller evt. opnåede resultater i henhold til Værdipapirerne, og som kan påvirke værdien af Værdipapirerne. Udsteder kan desuden i visse bestemte tilfælde anslå visse priser, som er relevante i forhold til at opnå visse resultater eller at nå tærskelværdier. Disse skønnede beregninger kan afvige fra Værdipapirernes faktiske værdi.
	Substitution af Udsteder Ifølge vilkårene, er Udsteder til enhver tid berettiget til uden samtykke fra Sikkerhedsholder, at udpege et andet selskab som ny udsteder og substitut i forhold til alle forpligtelser, der vedrører Værdipapirerne. • *Udsteder-SG-Substitution* Commerzbank har den 2. juli 2018 indgået en aftale med Société Générale om at sælge sin Equity Markets & Commodities business ("**EMC-Business**"), hvilket inkluderer, blandt andet, udstedelse og handel med investerings- og lånefinansieringsprodukter. Transaktionen er betinget af blandt andet godkendelse fra kompetente skattemyndigheder, godkendelse fra konkurrencemyndigheder og anden myndighedsgodkendelse samt medarbejderrepræsentative udvalg og færdiggørelse af juridisk dokumentation. Nedenstående vil derfor alene forekomme i det omfang samtlige godkendelser opnås. I tilfælde af salg og overdragelse af EMC- Business til SG-Koncernen vil alle Udsteders forpligtelser i henhold til Værdipapirerne overdrages til Société Générale, SGIS eller SGE (hver især "**Ny SG Udsteder**") uden samtykke fra Sikkerhedsholder ("**Udsteder-SG-Substitution**") på

	ikrafttrædelsesdatoen for Udsteder-SG-Substitution efter aftale mellem Udsteder og den relevante Ny SG Udsteder og underretning af Sikkerhedsholder i overensstemmelse med vilkårene. Såfremt Udsteders forpligtelser I henhold til Værdipapirerne er overført til SGIS, SGE eller Société Générale ("**Moderselskabs Garantistiller**") vil Moderselskabs Garantistiller som moderselskab i SG-koncernen udstede en ubetinget og uigenkaldelig garanti til fordel for den relevante Sikkerhedsholder i forhold til opfyldelsen af den relevante Ny SG Udsteders betalingsforpligtelse (inklusiv leveringsforpligtelser) der udspringer i forhold til Værdipapirerne ("**Moderselskabsgarantien**"). I tilfælde af Udsteder-SG-Substitution, må den relevante Ny SG Udsteder udøve alle Udsteders rettigheder, der hidrører fra Værdipapirerne som havde Ny SG Udsteder selv været udpeget som Udsteder i Vilkårene. Når Udsteder-SG-Substitution sker, vil Sikkerhedsholder bære konkursrisikoen ved en sådan Ny Udsteder.Sikkerhedsholder vil også være eksponeret over for konkursrisiko fra Moderselskabs Garantistiller (i et vidst omfang) og i et bredere perspektiv SG-Koncernen. Samtidig frigøres Commerzbank AG fra alle forpligtelser i henhold til Værdipapirerne og fra sit ansvar som låntager i henhold til Værdipapirerne fra ikrafttrædelsesdatoen af Udsteder-SG-Substitution. • *Udsteder Substitution* Samtidig har den til enhver tid værende udsteder (hvilket inkluderer Udsteder og kan inkludere Ny SG Udsteder efter Udsteder-SG Substitution) retten til at overdrage sine forpligtelser som udsteder til et andet selskab ("**Anden Ny Udsteder**") i overensstemmelse med Vilkårene ("**Udsteder Substitution**"). I tilfælde af Udsteder Substitution må den relevante Anden Ny Udsteder udøve alle Udsteders rettigheder, der udspringer fra Værdipapirerne på samme måde som havde Ny SG Udsteder selv været udpeget som Udsteder i Vilkårene. Sikkerhedsholder vil bære konkursrisikoen ved en sådan Anden Ny Udsteder og ved den erstattede udsteder (Commerzbank AG i øjeblikket) ved at give en garanti i forhold til Anden Ny Udsteders forpligtelser i henhold til Værdipapirerne. • *Yderligere konsekvenser ved substitution af udstederen* Enhver Udsteder Substitution eller Udsteder-SG-Substitution kan have skattemæssige konsekvenser til ulempe for Sikkerhedsholder, i særdeleshed, blandt andet såfremt undtagelser til amerikansk kildeskat efter Afsnit 871 (m) i U.S. Internal Revenue Code fra 1986 kan være tabt på grund af substitution af udstederen. Enhver potentiel investor bør konsultere egne finansielle-, juridiske- og skatterådgivere for at diskutere potentielle konsekvenser af substitution af udstederen førend de køber Værdipapirer.
	<u>Risikofaktorer vedrørende det Underliggende Aktiv</u> Værdipapirerne er afhængige af værdien af det Underliggende Aktiv og den dermed forbundne risiko. Værdien af det Underliggende Aktiv afhænger af en række faktorer, der kan være indbyrdes forbundne, fx økonomiske, finansielle og politiske begivenheder, der ligger uden for Udsteders kontrol. Et Underliggende Aktivs historiske resultatudvikling bør ikke betragtes som en indikator for dets fremtidige resultatudvikling i Værdipapirernes løbetid.
	<u>Risiko ved udnyttelse</u> Investor bærer risikoen for, at det Indfrielsesbeløb, der skal betales på Udnyttelsesdatoen, er mindre end købsprisen for Værdipapiret. Jo lavere

	(for Typen CALL) eller højere (for Typen PUT) Referencekursen på det Underliggende Aktiv er på Værdiansættelsesdatoen, jo større tab. Hvis en kurs på det Underliggende Aktiv i Overvågningsperioden mindst en gang er lig med eller under (for Typen CALL) eller lig med eller over (for Typen PUT) den relevante Knock-out Grænsen ("**Knock-out Begivenhed**"), udløber Værdipapirerne, uden at Værdipapirindehaveren skal foretage sig yderligere. I så fald vil Indfrielsesbeløbet, der er fastsat efter Udsteders eget rimelige skøn (*billiges Ermessen*) (§ 315 *BGB*) udgøre nul. **Værdipapirindehaveren vil lide et tab, der næsten svarer til den fulde købspris for Værdipapiret (tab af hele investeringen)**.
	Risici forbundet med, at investor har besluttet sig for at sælge eller er tvunget til at sælge Værdipapirerne: *Risici forbundet med udsving i markedsværdier:* Den salgskurs, der kan opnås, kan være markant lavere end den kurs, investor købte til. Værdipapirernes markedsværdi afhænger primært af resultatudviklingen i det Underliggende Aktiv, uden at de følges fuldstændig ad. Særligt følgende faktorer kan have en negativ indvirkning på Værdipapirernes markedskurs: • Ændringer i den forventede intensitet i udsvingene i det Underliggende Aktiv (volatilitet) • Renteudviklingen • Udviklingen i Aktiens udbytte Hver enkelt af disse faktorer kan have en effekt i sig selv eller forstærke eller udligne hinanden. *Handelsrisiko*: Udsteder er hverken forpligtet til løbende at offentliggøre købs- og salgskurser på Værdipapirerne på (i) de børser, som Værdipapirerne måtte være noteret på eller (ii) OTC-basis, ligesom Udsteder ikke er forpligtet til at tilbagekøbe Værdipapirer. Selvom Udsteder generelt offentliggør købs- og salgskurser, kan Værdipapirernes køb eller salg i tilfælde af ekstraordinære markedsforhold eller ved tekniske problemer være midlertidigt begrænset eller umulig.

Afsnit E – Udbud

E.2b **Baggrund for udbuddet og anvendelse af provenu, når der ikke er tale om at generere overskud og/eller afdække visse risici**	- ikke relevant – Udsigten til en gevinst
E.3 **Beskrivelse af udbuddets vilkår og betingelser**	COMMERZBANK udbyder fra den 1. marts 2019 værdipapirserier med en udstedelsesstørrelse og en udstedelseskurs pr. Værdipapir, som fremgår af den til dette udstedelsesspecifikke resumé vedhæftede oversigt.
E.4 **Eventuelle interesser, som er væsentlige for udstedelsen/ udbuddet, herunder interesse-konflikter**	Følgende interessekonflikter kan opstå i forbindelse med udnyttelsen af Udsteders rettigheder og/eller forpligtelser i henhold til de for Værdipapirerne gældende vilkår og betingelser (fx i forbindelse med

	fastsættelsen eller tilpasningen af parametre for de pågældende vilkår og betingelser), som indvirker på de beløb, der skal udbetales: • gennemførelse af transaktioner i det Underliggende Aktiv • udstedelse af yderligere afledte finansielle instrumenter i forbindelse med det Underliggende Aktiv • forretningsmæssigt forhold til udstederen af det Underliggende Aktiv • besiddelse af væsentlige (herunder ikke-offentliggjorte) oplysninger om det Underliggende Aktiv • funktionen som prisstiller
E.7 **Anslåede udgifter, som investor pålægges af udsteder eller udbyder**	Investor kan normalt købe Værdipapirerne til en fast udstedelseskurs. Den faste udstedelseskurs inkluderer alle Udsteders omkostninger forbundet med udstedelsen og salget af Værdipapirerne (fx distributionsomkostninger, struktureringsomkostninger og afdækningsomkostninger samt Commerzbanks overskudsgrad).

Tiivistelmä

Tiivistelmät koostuvat julkistamisvaatimuksista, joita kutsutaan "**osatekijöiksi**" (Elements). Nämä osatekijät on numeroitu osissa A–E (A.1–E.7).

Tämä tiivistelmä sisältää kaikki tämän arvopaperi- ja liikkeeseenlaskijatyypin tiivistelmältä vaadittavat osatekijät. Osatekijöiden numeroinnista saattaa puuttua joitakin numeroita sellaisten elementtien kohdalla, jotka eivät ole pakollisia.

Vaikka jokin osatekijä olisi pakollinen tietyn arvopaperi- ja liikkeeseenlaskijatyypin kohdalla, siitä ei välttämättä voida antaa merkityksellisiä tietoja. Tällaisessa tapauksessa tiivistelmässä on esitetty osatekijän lyhyt kuvaus ja maininta "- ei sovellu -".

Osa A – Johdanto ja varoitukset

A.1 **Varoituksia**	Tämä tiivistelmä on luettava ohjelmaesitteen (Base Prospectus) ja sovellettavien lopullisten ehtojen (Final Terms) johdantona. Sijoittajien on arvopapereita (Securities) koskevaa sijoituspäätöstä tehdessään syytä ottaa huomioon ohjelmaesite kokonaisuudessaan sekä sovellettavat lopulliset ehdot. Mikäli tämän ohjelmaesitteen sisältämiin tietoihin liittyvä kanne tulee käsiteltäväksi Euroopan talousalueen jäsenvaltion tuomioistuimessa, kanteen nostanut sijoittaja saattaa kyseisen jäsenmaan kansallisen lainsäädännön mukaan olla velvollinen käännättämään ohjelmaesitteen ja lopulliset ehdot omalla kustannuksellaan ennen tuomioistuinkäsittelyn alkua. Siviilioikeudellinen vastuu on henkilöillä, jotka ovat vastuussa tiivistelmän laatimisesta, sen käännös mukaan luettuna, tai ohjelmaesitteen julkistamisesta, mutta vain siinä tapauksessa, että tiivistelmä on harhaanjohtava, epätarkka tai epäjohdonmukainen ohjelmaesitteen muihin osiin verrattuna tai että se ei yhdessä ohjelmaesitteen muiden osien kanssa anna kaikkia tarvittavia avaintietoja. Mikäli tiedot on hankittu kolmannelta osapuolelta (mukaan lukien tiedot, jotka koskevat yhtiöitä Société Générale S.A., SG Issuer S.A. tai Société Générale Effekten GmbH), siviilioikeudellinen vastuu rajoittuu tässä kyseisten kolmannen osapuolen tietojen oikeaan toisintamiseen. Edelleen, minkä tahansa tähän tiivistelmään sisältyvien tietojen osalta, jotka koskevat yhtiöitä Société Générale S.A. ("**Société Générale**" tai "**SG**"), SG Issuer S.A. ("**SGIS**") tai Société Générale Effekten GmbH ("**SGE**" ja kussakin tapauksessa soveltuvin osin, "**Uusi SG-liikkeeseenlaskija**", (New SG Issuer)), kyseessä oleva yhtiö on siviilioikeudellisessa vastuussa (tiivistelmän käännös mukaan luettuna) mutta vain siinä tapauksessa, että kyseiset tiedot ovat harhaanjohtavia, epätarkkoja tai epäjohdonmukaisia ohjelmaesitteen muihin osiin verrattuna tai että ne eivät yhdessä ohjelmaesitteen muiden osien kanssa anna kaikkia tarvittavia avaintietoja.
A.2 **Suostumus ohjelmaesitteen käyttöön**	Liikkeeseenlaskija (Issuer) antaa suostumuksensa siihen, että jokin rahoituksenvälittäjä käyttää ohjelmaesitettä ja lopullisia ehtoja arvopapereiden myöhemmässä jälleenmyynnissä tai lopullisessa sijoittamisessa. Tarjousaika, jonka kuluessa rahoituksenvälittäjät voivat toteuttaa arvopapereiden myöhemmän jälleenmyynnin tai lopullisen sijoittamisen, on voimassa vain niin kauan kuin ohjelmaesite ja lopulliset ehdot ovat voimassa kyseisessä jäsenvaltiossa kansallisesti voimaansaatetun esitedirektiivin artiklan 9 mukaisesti.

	Suostumus ohjelmaesitteen ja lopullisten ehtojen käyttöön annetaan vain seuraavissa jäsenvaltioissa tapahtuvaan käyttöön: Norjan kuningaskunta, Ruotsin kuningaskunta, Suomen tasavalta ja Tanskan kuningaskunta. Suostumus ohjelmaesitteen ja sen liitteiden sekä vastaavien lopullisten ehtojen käyttöön annetaan seuraavin ehdoin: (i) ohjelmaesite ja vastaavat lopulliset ehdot toimitetaan mahdollisille sijoittajille ainoastaan yhdessä ennen kyseistä toimitusta julkistettujen liitteiden kanssa ja (ii) kunkin rahoituksenvälittäjän on ohjelmaesitteen ja vastaavien lopullisten ehtojen käytön yhteydessä varmistettava, että kaikkia kyseisellä lainkäyttöalueella voimassa olevia soveltuvia lakeja ja säädöksiä noudatetaan. **Mikäli tarjouksen tekijänä on rahoituksenvälittäjä, tämän on tiedotettava sijoittajille tarjouksen ehdoista tarjouksen tekoaikana.**

B.4b **Liikkeeseenlaskijaan ja sen toimialoihin vaikuttavia tiedossa olevia kehityssuuntia**	Société Généraleen kohdistuvat yhä tavalliset riskit sekä sen liiketoimintaan liittyvät riskit. Maailmanlaajuisen kasvun voimistuessa useat riskit rasittavat edelleen globaaleja taloudellisia näkymiä: toistuvien taloudellisten jännitteiden aiheuttamat riskit Euroopassa, toistuvien epävakauksien riski (taloudelliset, sosiaaliset ja poliittiset) kehittyvissä talouksissa, epätavanomaisiin valuuttapolitiikan toimenpiteisiin liittyvä epävarmuus keskeisimmissä kehittyneissä talouksissa ja kasvanut terrorismin sekä maantieteellisten ja protektionististen jännitteiden riski. Tarkemmin, Société Générale -konserniin ("**SG-konserni**") voi vaikuttaa: • euroalueen rahaliiton eheyden epäilyyn liittyvät toistuvat taloudelliset jännitteet, esimerkiksi euroskeptisten poliittisten liikkeiden nousu vaalikampanjoissa; • pelko mahdollisista kansainvälisen kaupan esteiden tiukentumisista erityisesti suurissa kehittyneissä talouksissa (Yhdysvallat tai Brexitiin liittyen Yhdistynyt Kuningaskunta); • äkillinen korkojen nousu ja markkinoiden epävakauden kasvu (velkakirjat, arvopaperit, hyödykkeet), mikä voisi seurata inflaation pelosta, jännitteistä kaupankäynnissä tai keskeisimpien keskuspankkien huonosta kommunikaatiosta niiden muuttaessa rahapolitiikkansa linjauksia;

	• Kiinan talouden jyrkkä lasku, josta seuraa pääoman pakeneminen maasta, Kiinan ja sen seurauksena muiden kehittyvien talouksien valuuttojen arvojen alentamispaineet sekä hyödykkeiden hintatason lasku; • voimistuvat maantieteelliset jännitteet Lähi-Idässä, Etelä-Kiinan merellä, Pohjois-Koreassa ja Ukrainassa. Lisäksi jännitteet länsimaiden ja Venäjän välillä voisivat johtaa sanktioiden tiukentamiseen suhteessa Venäjään; • öljy- ja kaasuvarannoista riippuvaisten maiden sosiaalipoliittiset jännitteet ja tarve sopeutua kuluttajahintojen merkittäviin vaihteluihin. • Lainsäädännölliseltä kannalta vuoden 2018 ensimmäiselle puoliskolle oli ominaista erityisesti CRR II (luottolaitosten pääomavaatimuksia koskeva uusi asetusluonnos) ja CRD V (luolaitosten pääomavaatimuksia koskeva uusi direktiiviluonnos) liittyvä eurooppalainen lainsäädäntöprosessi, eli vakavaraisuusasetuksen (CRR) ja vakavaraisuusdirektiivin sääntelyn päivittäminen. Tämän odotetaan jatkuvan myös toisella vuosipuoliskolla ja koskevan MREL-vaatimusta (Minimum Required Eligible Liabilities, omia varoja ja hyväksyttäviä velkoja koskeva vähimmäisvaatimus) ja TLAC:tä (Total Loss Absorbing Capacity, kokonaistappionkattamiskyky). Basel III:n uudistuksia koskevan sopimuksen muokkaaminen osaksi yhteisön oikeutta ei ole EU:n lainsäädännöllisille toimielimille kuitenkaan vielä ajankohtaista. Euroopan pankkiviranomainen tekee selvityksen toimien vaikutuksesta, ja selvitys toimii luonnoksena tulevalle CRR 3 (uusi luonnos luottolaitosten vakavaraisuussääntelylle) sääntelylle. Muut ajankohtaiset aiheet koskevat etenkin systeemisesti tärkeiden pankkien systeemistä pääomapuskuria, Euroopan keskuspankin odotuksia järjestämättömien lainojen rahoituksen järjestämisestä ja sijoituspalveluyritysten järjestelmän tarkastelua Euroopassa.

** Vuoden 2018 lukujen vieressä olevat vuoden 2017 vertailuluvut esitetään edelleen IAS 39-sääntöjen mukaisesti. Rahoitusvarojen ja -velkojen sekä luottoriskin arvonmuutosten arviointierot kirjattiin suoraan omaan pääomaan 1.1.2018 aloitustaseeseen IFRS 9:n takautuvasta soveltamisesta johtuen.

Ei merkittävää haitallista muutosta liikkeeseenlaskijan tulevaisuuden-näkymissä, Merkittävät muutokset rahoitusasemassa	SGE-konsernin taloudellisissa näkymissä ei ole ollut merkittävää haitallista muutosta 31.12.2017 jälkeen. Ei sovellu. SGE-konsernin rahoitus- tai kaupankäyntiasemassa ei ole tapahtunut olennaisia muutoksia 30.6.2018 jälkeen.
B.13 Liikkeeseen-laskijan maksukykyyn olennaisesti vaikuttavat viimeaikaiset tapahtumat	Ei sovellu. Viime aikoina ei ole esiintynyt SGE:hen liittyviä tapahtumia, jotka vaikuttaisivat olennaisesti SGIS:n maksukyvyn arviointiin.
B.14 Liikkeeseen-laskijan riippuvuus muista konsernin yhtiöistä	Katso osatekijä B.5 SGE:n asemasta SG-konsernissa. SGE ja siten SGE-konserni, on riippuvainen SG-konsernin Société Générale yhtiöstä.
B.15 Liikkeeseen-laskijan pääasialliset toiminnot	Yhtiöjärjestyksessä määritelty SGE:n tarkoitus on arvopaperien liikkeeseenlasku ja myynti sekä arvopaperien liikkeeseenlaskuun ja myyntiin liittyvät toiminnot, lukuun ottamatta muita hyväksyntää vaativia toimintoja, ja omien osakkeiden hankinta, myynti, hallinta ja käsittely muissa Saksassa tai ulkomailla sijaitsevissa yrityksissä, erityisesti kyseiset toiminnot finanssi- ja palvelusektorilla, laajimmassa merkityksessä, joka tapauksessa pois suljettuja ovat toiminnot ja omistukset joille SGE tarvitsisi luvan tai tämä toiminta ja osakeomistus johtaisi tilanteeseen, jossa SGE luokiteltaisiin rahoitusalan (seka)holdinyhtiöksi. SGE:n toiminta sisältää arvopaperien liikkeeseenlaskun ja sijoittamisen, enimmäkseen warrantit ja sertifikaatit, ja kaikki tähän liittyvät toiminnot.
B.16 Hallintaosapuolet	SGE on Société Générale:n 100 prosenttisesti omistama tytäryhtiö ja täysin konsolidoitu tytäryhtiö.

B.18[14] **Emoyhtiön takauksen erityispiirteet ja laajuus**	SGIS:n tai SGE:n korvatessa Commerzbank:in uutena SG-liikkeeseenlaskijana (New SG Issuer) ehtojen mukaan, kyseisistä arvopapereista johtuvat maksuvelvollisuudet (mukaan lukien kaikki toimitusvelvollisuudet) taataan ehdoitta ja peruuttamattomasti Société Générale:n (tässä ominaisuudessa "**emoyhtiötakaaja**" (Parent Guarantor)) toimesta SG-liikkeeseenlaskijan korvaamisen (kuten on määritelty tämän tiivistelmän osatekijässä D.6) voimaantulopäivänä tehdyn emoyhtiön takauksen ("**emoyhtiön takaus**" (Parent Guarantee)) mukaan. Emoyhtiön takausvelvoitteet ovat takaajan suoria, ehdottomia ja vakuudettomia velvoitteita, jotka luokitellaan etuoikeusasemassa oleviksi velvoitteiksi, Ranskan lain *monétaire et financier* (Ranskan rahamarkkina- ja rahoituslain ("**laki**")) L 613-30-3-I-3° artiklan mukaisesti ja jotka ovat etuoikeusasemaltaan vähintään samassa asemassa (*pari passu*) kuin takaajan kaikki muut nykyiset ja tulevat suorat, ehdottomat, vakuudettomat etuoikeutetut velvoitteet, mukaan luettuna talletuksiin liittyvät velvoitteet. Mikäli emoyhtiön takaus (Parent Guarantee) takaa SGIS:n velvollisuudet uutena SG-liikkeeseenlaskijana, kaikki viittaukset emoyhtiön takauksessa uuden SG-liikkeeseenlaskijan toimesta maksettaviin summiin tai määriin ovat sellaisia summia ja/tai määriä jotka alennetaan suoraan, ja/tai kun kyse on omaksi pääomaksi muuntamisesta, vähennettynä kyseisen muuntamisen määrällä, ja/tai siten kuin muulla tavoin aika ajoin muutettu, johtuen asianomaisen ratkaisuviranomaisen bail-in -oikeuden käyttämisestä Euroopan parlamentin ja Euroopan unionin neuvoston direktiivin 2014/59/EU mukaan. Mikäli emoyhtiön takaus (Parent Guarantee) takaa SGE:n velvollisuudet uutena SG-liikkeeseenlaskijana, kaikki emoyhtiön takauksen sisältämät viittaukset uuden SG-liikkeeseenlaskijan toimesta maksettaviin summiin tai määriin ovat viittauksia summiin ja/tai määriin, jotka erääntyisivät, jos Société Générale olisi itse uusi SG-liikkeeseenlaskija, siinä muodossa kuin kyseiset summat/määrät olisi suoraan vähennetty, ja/tai kun kyse on omaksi pääomaksi muuntamisesta, niitä vähennettäisiin muuntamisen johdosta, ja/tai kuten niitä muulla tavoin aika ajoin muutettaisiin, johtuen asianomaisen ratkaisuviranomaisen alaskirjaus (bail-in) -oikeuden käyttämisestä Euroopan parlamentin ja Euroopan unionin neuvoston direktiivin 2014/59/EU mukaan.
B.19[15] **Sellaisia emoyhtiötakaajaa (Parent Guarantor) koskevia tietoja, joiden mukaan sitä kohdeltaisiin kuin emoyhtiön takauksen (Parent Guarantee) kohteena olevan arvopaperin tyyppisten arvopaperien liikkeeseenlaskijaa**	Tietoja Société Générale:sta niiden arvopaperien emoyhtiötakaajana (Parent Guarantor), joiden osalta SGIS:tä tai SGE:stä on tullut uusi SG-liikkeeseenlaskija, löytyy osatekijöistä B.1-B.16 koskien Société Générale:a uutena SG-liikkeeseenlaskijana (New SG Issuer).

[14]Tiivistelmä tiedoista koskien Société Générale:n antamaa emoyhtiön takausta (Parent Guarantee) ja Société Générale:a emoyhtiötakaajana (Parent Guarantor) annetaan lisätietona huomioidessa se, että SG-liikkeeseenlaskijan korvaaminen saattaa toteutua. Mikäli SGIS tai SGE korvaa liikkeeseenlaskijan uutena SG-liikkeeseenlaskijana, kyseisen uuden SG-liikkeeseenlaskijan maksuvelvollisuus (mukaan lukien kaikki toimitusvelvollisuudet) taataan emoyhtiön Société Générale:n toimesta.

[15]Tiivistelmä Société Générale:n antamaa emoyhtiön takausta (Parent Guarantee) koskevista tiedoista ja Société Générale:sta emoyhtiötakaajana (Parent Guarantor) annetaan lisätietona ottaen huomioon se, että SG-liikkeeseenlaskijan korvaaminen saattaa toteutua. Mikäli SGIS tai SGE korvaa liikkeeseenlaskijan uutena SG-liikkeeseenlaskijana, kyseisen uuden SG-liikkeeseenlaskijan maksuvelvollisuus (mukaan lukien kaikki toimitusvelvollisuudet) taataan emoyhtiön takauksena Société Générale:n toimesta.

Osa C – Arvopaperit

C.1 **Arvopapereiden tyyppi ja laji / tunnistenumero**	Arvopapereiden tyyppi/muoto Arvopaperit ovat rajoittamattomia warrantteja ("**arvopaperit**"). Kukin arvopaperisarja lasketaan liikkeeseen arvo-osuusmuotoisina. Arvopapereiden tunnistenumerot Kunkin arvopaperisarjan arvopaperien tunnistenumerot (eli ISIN ja pörssikoodi) esitetään tämän tiivistelmän liitetaulukossa.
C.2 **Arvopaperien valuutta**	Kukin arvopaperisarja lasketaan liikkeeseen SEK ("**liikkeeseenlaskuvaluutta**") määräisinä.
C.5 **Arvopaperien vapaan vaihto-kelpoisuuden rajoitukset**	Kukin arvopaperisarja on vapaasti vaihdettavissa, mikäli tarjous- ja myyntirajoituksissa, sovellettavassa lainsäädännössä sekä selvitysjärjestelmän säännöissä ja määräyksissä ei toisin määrätä.
C.8 **Arvopapereihin liittyvät oikeudet (mukaan luettuina arvopaperien etuoikeusasema ja oikeuksien rajoitukset)**	Arvopapereihin sovellettava lainsäädäntö Arvopapereihin ja niiden ehtojen tulkintaan sovelletaan Saksan lainsäädäntöä. Tuotteen perustamiseen sovelletaan Ruotsin kuningaskunta lainsäädäntöä. Takaisinmaksu Arvopaperiin sijoittaneelle maksetaan lunastusmäärä (Redemption Amount) liikkeeseenlaskuvaluutan määräisenä. Jos knock-out-tapahtuma esiintyy, liikkeeseenlaskijan kohtuullisen harkinnan mukaan määrittämä käteismäärä (*billiges Ermessen*) (BGB § 315) saattaa olla nolla. Tavanomainen eräännytys Liikkeeseenlaskijalla on oikeus eräännyttää arvopaperit tavanomaisesti alkaen tavanomaisen eräännytyksen päivästä (Ordinary Termination Date). Muutokset ja epätavanomainen lunastus Joissakin erityistilanteissa liikkeeseenlaskijalla voi olla oikeus tehdä tiettyjä muutoksia. Tämän lisäksi liikkeeseenlaskijalla voi poikkeuksellisesti olla oikeus eräännyttää arvopaperit ennenaikaisesti, jos tietty tapahtuma esiintyy. Arvopapereiden etuoikeusasema Arvopapereihin liittyvät velvoitteet ovat liikkeeseenlaskijan suoria, ehdottomia ja vakuudettomia (*nicht dinglich besichert*) maksuvelvoitteita, ja jos soveltuvasta lainsäädännöstä ei muuta johdu, ovat etuoikeusasemaltaan vähintään samassa asemassa kuin liikkeeseenlaskijan kaikki muut etuoikeudelliset ja vakuudettomat (*nicht dinglich besichert*) maksuvelvoitteet. Vastuunrajoitus Liikkeeseenlaskija on vastuussa arvopapereihin liittyvästä toiminnastaan tai laiminlyönnistään vain, jos ja sikäli kun hän joko rikkoo arvopapereiden olennaisia velvollisuuksia huolimattomasti tai tahallisesti tai rikkoo muita velvollisuuksia törkeän huolimattomasti tai tahallisesti. Määräys Saksan lain mukaisista esittelyajoista ja vanhentuminen

	Aika, jona arvopapereita saa esittää (Saksan siviilikoodin (*Bürgerliches Gesetzbuch,* "**BGB**") pykälä 801, kappale 1, kohta 1), on kymmenen vuotta, ja vanhentumisaika esittelyaikana esitetyille arvopapereihin liittyville vaateille on kaksi vuotta kyseisen esittämisajan päättymisestä.
C.11 **Listaaminen ja kaupankäynnin kohteeksi ottaminen säännellyllä markkinalla tai vastaavalla markkinalla**	- ei sovellu - Kutakin arvopaperisarjaa ei ole tarkoitus listata eikä niillä ole tarkoitus käydä kauppaa millään säännellyllä markkinalla. Liikkeeseenlaskija aikoo kuitenkin listata kunkin arvopaperisarjan Nordic MTF Sweden säännellyllä markkinalla, joka ei ole direktiivin 2004/39, alkaen 1. maaliskuuta 2019.
C.15 **Kohde-etuuden vaikutus arvopaperien arvoon**	Lunastusmäärän maksu riippuu suurelta osin kohde-etuuden kehityksestä rajoituksettomien TURBO-arvopapereiden voimassaoloaikana. <u>Tarkat tiedot:</u> Jos tarkastelujakson aikana kohde-etuuden kurssi **ei kertaakaan ole ollut yhtä suuri tai pienempi** (ostettavien osalta) tai **yhtä suuri tai suurempi** (myytävien osalta) kuin sovellettava knock-out-raja (Knock-out Barrier), sijoittajalle maksetaan lunastusmäärä, joka on yhtä kuin (i) määrä, jolla kohde-etuuden (Underlying) viitekurssi (Reference Price) arvostuspäivänä (Valuation Date) ylittää (ostettavien osalta) soveltuvan toteutushinnan (Strike) tai joka ylittyy (myytävien osalta) arvostuspäivänä kerrottuna (ii) lla kerroin (Ratio). Jos tarkastelujakson aikana kohde-etuuden kurssi **on vähintään kerran ollut yhtä suuri tai pienempi** (ostettavien osalta) tai **yhtä suuri tai suurempi** (myytävien osalta) kuin sovellettava knock-out-raja ("**knock-out-tapahtuma**", Knock-out Event), liikkeeseenlaskijan kohtuullisen harkintansa mukaan määrittämä lunastusmäärä (*billiges Ermessen*) (BGB § 315) saattaa olla nolla. Jollei osinkomuutoksesta (Dividend Adjustment) muuta johdu, ensimmäisen muutosjakson (Adjustment Period) knock-out-raja on esitetty tämän tiivistelmän liitetaulukossa. Kunkin seuraavan muutosjakson osalta se määritetään uudestaan, jollei osinkomuutoksesta (Dividend Adjustment) muuta johdu. Liikkeeseenlaskija määrittää rajan kohtuullisen harkintansa mukaan (*billiges Ermessen*) (BGB § 315) ja ottaen huomioon asiaankuuluvat vallitsevat markkinaolosuhteet (erityisesti volatiliteetin). Jollei osinkomuutoksesta (Dividend Adjustment) muuta johdu, rajoitukseton TURBO –arvopaperien toteutushintaa (Strike) muutetaan päivittäin muutosmäärällä (Adjustment Amount), joka määritetään kerran kuukaudessa. Muutosmäärä sisältää myös riskipreemion (Risk Premium), jonka liikkeeseenlaskija määrittää ja pidättää ja jolla on aina sijoittajille maksettavan lunastusmäärän arvoa pienentävä vaikutus Rajoitukseton TURBO -arvopaperien tapauksessa. Riskipreemioon liittyviin edellytyksiin kohdistuvien muutosten seurauksena riskipreemio voi kasvaa merkittävästi Rajoitukseton TURBO -arvopaperien juoksuaikana verrattuna aloituspäivänä (Launch Date) määritettyyn riskipreemioon. **"Tarkastelujakso"** tarkoittaa aloituspäivästä (Launch Date) (se mukaan lukien) alkavaa ja arvostuspäivään (Valuation Date) (se mukaan lukien) päättyvää jaksoa sinä ajankohtana, jona kohde-etuuden viitekurssi määritetään ja julkistetaan. Tyyppi, kurssi ja toteutushinta aloituspäivänä on esitetty tämän tiivistelmän liitetaulukossa.

C.16 **Arvostuspäivä / Toteutuspäivä**	Toteutuspäivä Asianmukainen arvopaperin haltijan pyytämä toteutuspäivä.
C.17 **Kuvaus arvopaperien selvitys-menettelystä**	Kukin myyty arvopaperisarja toimitetaan maksupäivänä (Payment Date) selvitysjärjestelmän kautta sovellettavien paikallisten markkinakäytäntöjen mukaisesti.
C.18 **Toimitus-menettely**	Kaikki arvopapereista johtuvat maksut suoritetaan maksuasiamiehelle, joka siirtää ne selvitysjärjestelmään tai selvitysjärjestelmän ohjeen mukaan hyvittää ne tilinhaltijoille sovellettavissa ehdoissa määritettyinä päivinä. Selvitysjärjestelmään tai sen ohjeen mukaan suoritettu maksu vapauttaa liikkeeseenlaskijan arvopapereihin liittyvistä maksuvelvoitteistaan kyseisen maksun määrän osalta.
C.19 **Kohde-etuuden lopullinen viitehinta**	Kohde-etuuden viimeksi määritetty ja pörssissä arvostuspäivänä julkistettu kurssi (päätöskurssi)**.**
C.20 **Kohde-etuuden tyyppi ja tiedot siitä, mistä kohde-etuutta koskevia tietoja on saatavilla**	Kunkin arvopaperisarjan kohde-etuutena olevat omaisuuslajit on esitetty tämän tiivistelmän liitetaulukossa (kukin "kohde-etuus", Underlying "**kohde-etuus**"). Tietoja kohde-etuudesta kuhunkin arvopaperisarjaan liittyen on saatavana tämän tiivistelmän liitetaulukossa olevilta verkkosivuilta.

Osa D – Riskit

Arvopapereiden ostamiseen liittyy tiettyjä riskejä. **Liikkeeseenlaskija huomauttaa nimenomaisesti, että arvopapereihin tehtävään sijoitukseen liittyvien riskien kuvaus käsittää ainoastaan suurimmat riskit, jotka olivat liikkeeseenlaskijan tiedossa ohjelmaesitteen päiväyksenä.**

D.2 **Liikkeeseen-laskijaan liittyvät keskeiset riskit**	Kuhunkin arvopaperierään sisältyy liikkeeseenlaskijaan liittyvä riski, jota nimitetään myös velkojariskiksi tai sijoitusta suunittelevien sijottajien luottoriskiksi. Liikkeeseenlaskijariski on riski siitä, että COMMERZBANK tulee tilapäisesti tai pysyvästi kyvyttömäksi suorittamaan koron ja/tai lunastusmäärän maksamisvelvoitteitaan. Lisäksi COMMERZBANKiin kohdistuu useita sen liiketoimiin sisältyviä riskejä. Näitä ovat erityisesti seuraavat riskit:
	<u>Maailman talouskriisi ja valtionvelkakriisi</u> Maailman rahoitusmarkkinoiden kriisi ja erityisesti euroalueen valtionvelkakriisi ovat aiemmin aiheuttaneet huomattavaa haittaa konsernin nettovarallisuudelle, rahoitusasemalle ja liiketoiminnan tulokselle, ja voidaan olettaa, että tulevaisuudessa voi esiintyä myös uusia olennaisia konserniin kohdistuvia haittavaikutuksia, etenkin jos kriisi kärjistyy uudelleen. Kriisin kärjistyminen uudelleen Euroopan talous- ja rahaliiton alueella saattaa aiheuttaa olennaista haittaa, jonka seuraukset voivat uhata jopa konsernin olemassaoloa. Konserni omistaa valtionvelkakirjoja. Tällaisten valtionvelkakirjojen heikkenemisellä ja käyvän arvon alenemisella on ollut olennaisia haitallisia vaikutuksia konsernin nettovarallisuuteen, rahoitusasemaan ja liiketoiminnan tulokseen, ja tulevaisuudessa voi esiintyä uusia haittavaikutuksia.
	<u>Makrotalousympäristö</u> Konsernin voimakas riippuvuus talousympäristöstä etenkin Saksassa saattaa edelleen aiheuttaa lisää haittavaikutuksia, talouden kääntyessä uudelleen laskusuuntaan.

	Vastapuolen luottohäiriöriski Konserniin kohdistuu luottohäiriöriski (luottoriski), mukaan lukien suurten yksittäisten sitoumusten, suurten lainojen ja yksittäisille sektoreille keskittyvien sitoumusten (niin kutsuttu "bulk" risk) osalta sekä sellaisille velkojille myönnettyjen lainojen osalta, joihin valtionvelkakriisi saattaa erityisesti vaikuttaa. Alusrahoituksen salkun supistamiseen kohdistuu huomattavia riskejä, kun otetaan huomioon jatkuva vaikea markkinatilanne ja alushintojen volatiliteetti ja näihin haitallisesti vaikuttava luottohäiriöriski (luottoriski) sekä riski vakuutena käytettyjen suoraan omistettujen alusten merkittävästä arvonmuutoksesta. Konsernin sijoituksiin kuuluu huomattava määrä järjestämättömiä lainoja, eikä vakuus välttämättä riitä korvaamaan luottohäiriöitä tai aiemmin toteutettuja arvonalennuksia ja varauksia.
	Markkinariskit Konserniin kohdistuu suuri määrä markkinariskejä, kuten markkinariski liittyen osakkeiden ja sijoitusrahasto-osuuksien arvioimiseen sekä korko-, korkoero-, valuutta-, volatiliteetti- ja korrelaatioriskin sekä hyödykehintariskin muodossa.
	Strategiset riskit On olemassa riski, että konserni ei välttämättä pysty hyödyntämään strategiaansa tai pystyy toteuttamaan sen vain osittain tai suunniteltua suuremmilla kuluilla. Lisäksi suunniteltujen toimenpiteiden toteuttaminen ei välttämättä johda toivottujen tavoitteiden saavuttamiseen.
	Kilpailutilanteesta johtuvat riskit Markkinoita, joilla konserni toimii, erityisesti Saksan markkinoita ja niillä ennen kaikkea liiketoimia yksityis- ja yritysasiakkaiden kanssa sekä investointipankkitoimintaa, sekä Puolan markkinoita, luonnehtii voimakas hintoihin ja ehtoihin liittyvä kilpailu, joka aiheuttaa huomattavaa marginaaleihin kohdistuvaa painetta.
	Likviditeettiriskit Konserni on riippuvainen likviditeetin jatkuvasta saatavuudesta, ja markkinoiden laajuinen tai yrityskohtainen likviditeettipula saattaa aiheuttaa olennaista haittaa konsernin nettovaroille, rahoitusasemalle ja liiketoiminnan tulokselle.
	Liiketoimintariskit Konserniin kohdistuu useita liiketoimintariskejä, mukaan luettuna riski siitä, että työntekijät aiheuttavat kohtuuttomia riskitilanteita konsernin puolesta ja/tai nimissä tai rikkovat soveltuvia sääntöjä, lakeja tai säädöksiä toteuttaessaan pankin liiketoimia ja aiheuttavat siten yllättäen esiintyvää huomattavaa vahinkoa, joka voi myös välillisesti johtaa säädännällisten pääomavaatimusten tiukentumiseen. Pankin liiketoiminnalliset järjestelmät ovat kasvavassa määrin riskialttiita kyberhyökkäyksille ja muulle nettirikollisuudelle, mikä saattaa johtaa asiakastiedon häviämiseen, pankin maineen vahingoittumiseen, joka puolestaan saattaa johtaa valvontatoimenpiteisiin ja taloudellisiin tappioihin.
	Pankkikohtaisen sääntelyn riskit Jatkuvasti tiukentuvat pääoman ja likviditeetin sääntelyyn liittyvät normit sekä menettely ja raportointivaatimukset saattavat tehdä

	useiden konsernin toimintojen liiketoimintamallin kyseenalaiseksi ja vaikuttaa haitallisesti konsernin kilpailuasemaan, alentaa konsernin tuottavuutta tai johtaa siihen, että konsernin on kerättävä lisää pääomaa. Muut talouskriisin vuoksi ehdotetut sääntelyuudistukset, esimerkiksi pankkiveron tai mahdollisen rahoitusmarkkinaveron kaltaiset maksut, omaan lukuun tehtävän kaupankäynnin erottaminen talletuspankkiliiketoiminnasta tai entistä tiukemmat tietojen julkistamiseen ja yrityksen organisaatioon liittyvät velvoitteet voivat vaikuttaa olennaisesti konsernin liiketoimintamalliin ja kilpailutilanteeseen.
	Oikeudellinen riski COMMERZBANKin liiketoimista saattaa aiheutua oikeusjuttuja, joiden lopputulosta ei voida ennakoida ja joihin liittyy konserniin kohdistuvia riskejä. Tällaisten tuomioistuinkäsittelyjen, sääntely- ja valvontatoimien sekä oikeuskäsittelyiden lopputuloksista saattaa aiheutua konsernille olennaista haittaa, joka ei rajoitu kussakin tapauksessa vahvistettuihin korvausvaateisiin.
	Keskeiset riskit jotka ovat ominaisia uusille SG-liikkeeseenlaskijoille (New SG Issuers) ja, soveltuvin osin, emoyhtiötakaajalle (Parent Guarantor):[16] Arvopapereihin tehtävään sijoitukseen liittyy tiettyjä riskejä, jotka tulisi arvioida ennen sijoituspäätöstä. SG-konserni altistuu erityisesti ydintoimintoihinsa liittyville riskeille, kuten: maailmanlaajuiset taloudelliset riskit: Maailmantalous ja rahoitusmarkkinat osoittavat edelleen suurta epävarmuutta, joka voi olennaisesti ja haitallisesti vaikuttaa SG-konsernin liiketoimintaan, taloudelliseen tilanteeseen ja toimintojen tuloksiin. Alueellisille markkinoille altistumiset voivat vaikuttaa SG-konsernin tuloksiin. SG-konserni toimii voimakkaasti kilpailluilla toimialoilla, mukaan lukien sen kotimarkkinalla. luottoriskit: SG-konserni altistuu vastapuoliriskille ja keskittymisriskille. SG-konsernin suojausstrategiat eivät välttämättä estä kaikkia tappioon kohdistuvia riskejä. SG-konsernin toimintojen tuloksia ja taloudellista tilannetta voi heikentää merkittävästi uusien varausten merkittävä kasvu tai riittämättömät luottotappiovaraukset. markkinariskit: Rahoitusmarkkinoiden pitkittynyt väheneminen tai likviditeetin pieneneminen kyseisillä markkinoilla voi vaikeuttaa varallisuuden myymistä tai ohjata kaupankäyntiasemia ja saattaa johtaa merkittäviin tappioihin.

[16] Tiivistelmä keskeisistä riskeistä koskien Société Générale:a, SGIS:ää tai SGE:tä uutena SG-liikkeeseenlaskijana ja Société Générale:a emoyhtiötakaajana (Parent Guarantor) (siltä osin kuin SGIS:tä tai SGE:stä tulee uusi SG-liikkeeseenlaskija) annetaan lisätietona, huomioidessa se, että SG-liikkeeseenlaskijan korvaaminen saattaa toteutua.

Rahoitusmarkkinoiden volatiliteetti voi aiheuttaa SG-konsernille merkittäviä tappiota kaupankäynti- ja sijoitustoiminnoissa.

Muiden rahoituslaitosten ja markkinaosapuolten taloudellinen vakaus ja käyttäytyminen voivat vaikuttaa haitallisesti SG-konserniin.

SG-konserni voi tuottaa alhaisempia tuloja välitys- ja muista palkkioperusteisista liiketoiminnoista markkinoiden laskusuhdanteen aikana.

operatiiviset riskit:

SG-konsernin riskinhallintajärjestelmä ei välttämättä ole tehokas ja saattaa altistaa SG-konsernin tunnistamattomille tai ennakoimattomille riskeille, jotka voivat johtaa merkittäviin tappioihin.

Toimintahäiriö, lopettaminen tai kapasiteettirajoitteet, jotka vaikuttavat instituutioihin, joiden kanssa SG-konserni harjoittaa liiketoimintaa, tai SG-konsernin tietotekniikkajärjestelmien epäonnistumiset tai rikkoutumiset, voivat johtaa tappioihin.

Valmistellakseen Euroopan unionin hyväksymien IFRS-normien mukaisen konsolidoidun tilinpäätöksensä, SG-konserni luottaa oletuksiin ja arvioihin joilla, jos virheellisiä, voi olla merkittävä vaikutus sen tilinpäätökseen.

SG-konsernin kyky houkutella ja säilyttää päteviä työntekijöitä sekä merkittävät muutokset työntekijöihin ja korvauksiin liittyvässä sääntelyjärjestelmässä voivat merkittävästi haitallisesti vaikuttaa sen suoritukseen.

Jos SG-konserni tekee yritysoston se voi olla kykenemätön hallitsemaan integraatioprosessia kustannustehokkaalla tavalla tai saavuttamaan odotetut hyödyt.

SG-konsernille voi aiheutua tappiota odottamattomien tai katastrofaalisten tapahtumien, kuten terrori-iskujen tai luonnonkatastrofien seurauksena.

rakenteelliset korko- ja valuuttakurssiriskit:

Korkojen muutokset voivat vaikuttaa haitallisesti SG-konsernin pankki- ja varainhoitoliiketoimintaan.

Valuuttakurssivaihtelut voivat vaikuttaa haitallisesti SG-konsernin toimintojen tuloksiin.

likviditeettiriski:

SG-konserni on riippuvainen rahoituksen saannista ja muista likviditeetin lähteistä, joita voidaan rajoittaa siitä riippumattomista syistä.

noudattamatta jättämiseen ja maineeseen liittyvät riskit, oikeudenkäynti:

Maineelle aiheutuvat vahingot voivat vahingoittaa SG-konsernin kilpailuasemaa.

SG-konserni altistuu oikeudellisille riskeille, jotka voivat vaikuttaa kielteisesti sen taloudelliseen tilanteeseen tai toimintojen tuloksiin.

SG-ryhmään sovelletaan laajaa valvonta- ja sääntelyjärjestelmää jokaisessa maassa, jossa se toimii ja muutokset tässä sääntelyjärjestelmässä voivat vaikuttaa merkittävästi SG-konsernin liiketoimintaan ja kustannuksiin sekä rahoitukselliseen ja taloudelliseen ympäristöön, jossa se toimii.

	Monia valtioiden, keskuspankkien ja sääntelyviranomaisten toteuttamia poikkeuksellisia toimenpiteitä saatetaan muuttaa tai lopettaa. <u>muut riskit:</u> SG-konsernin strategisen suunnitelman täytäntöönpanoon liittyvät riskit. Uuden SG-liikkeeseenlaskijan luottokelpoisuus ja luottoluokitukset voivat vaikuttaa arvopaperien markkina-arvoon. Yhdistyneen kuningaskunnan lähestyvä lähtö Euroopan unionista saattaa vaikuttaa haitallisesti SG-konserniin.
D.6 Arvopapereihin liittyvien keskeisten riskien avaintiedot	<u>Ei jälkimarkkinoita juuri ennen erääntymistä</u> Markkinatakaaja ja/tai arvopaperipörssi lopettaa kaupankäynnin arvopapereilla hieman ennen niiden erääntymispäivää. Viimeisen kaupankäyntipäivän ja arvostuspäivän välisenä aikana yhden tai useamman kohde-etuuden hinta, joka saattaa olla merkityksellinen arvopapereiden kannalta, saattaa kuitenkin vielä muuttua. Tästä voi aiheutua sijoittajalle haittaa. Lisäksi on olemassa riski siitä, että ehdoissa määritelty raja-arvo saavutetaan, ylitetään tai rikotaan muulla tavalla ensimmäistä kertaa ennen erääntymistä sen jälkeen, kun kaupankäynti jälkimarkkinoilla on jo päättynyt.
	<u>Arvopaperit ovat vakuudettomia maksuvelvoitteita (Status)</u> Arvopaperit ovat liikkeeseenlaskijan ehdottomia maksuvelvoitteita. Niillä ei ole Saksan pankkiyhdistyksen talletussuojarahaston (*Einlagensicherungsfonds des Bundesverbandes deutscher Banken e.V.*) takausta, eikä Saksan talletussuojaa ja sijoittajille maksettavia korvauksia koskevaa lakia (*Einlagensicherungs- und Anlegerentschädigungsgesetz*) sovelleta niihin. Sijoittajalla on siten riski siitä, että liikkeeseenlaskija ei kykene suorittamaan arvopapereiden perusteella määräytyviä velvoitteitaan tai kykenee siihen vain osittain. Tällaisessa tapauksessa sijoittaja saattaa menettää koko sijoittamansa pääoman.
	<u>Ehdotettu rahoitusmarkkinavero (FTT)</u> Euroopan komissio on ehdottanut yhteisen rahoitusmarkkinaveron (FTT) käyttöönottoa Belgiassa, Saksassa, Virossa, Kreikassa, Espanjassa, Ranskassa, Italiassa, Itävallassa, Portugalissa, Sloveniassa ja Slovakiassa. Viro on kuitenkin ilmoittanut, ettei se tule osallistumaan. Ehdotettu rahoitusmarkkinavero voisi soveltua tietyissä tilanteissa tiettyihin arvopaperikauppoihin (mukaan lukien kaupankäynti jälkimarkkinoilla). Rahoitusmarkkinavero edellyttää kuitenkin vielä osallistuvien EU-maiden välisiä neuvotteluja. Muutkin EU-maat voivat päättää osallistua. Lisäksi, tällä hetkellä on epävarmaa, koska rahoitusmarkkinavero pannaan täytäntöön ja koska vero tulee voimaan arvopapereiden osalta.
	<u>Instituutioiden ja rahoituslaitosten elvytys- ja kriisinratkaisulakiin liittyvät riskit, mukaan lukien yksinkertaisen kriisinratkaisun mekanismin vakiinnuttava EU-säädös ja ehdotus uudeksi EU-säädökseksi tiettyjen pankkitoimintojen pakolliseksi eriyttämiseksi</u> Mikäli liikkeeseenlaskija tulee tai toimivaltainen viranomainen pitää tätä ”elinkelvottomana” (kyseisenä ajankohtana voimassa olleen lain mukaan määriteltynä) tai kykenemättömäksi jatkamaan säänneltyä toimintaansa, arvopaperien ehtoja saatetaan muuttaa (esimerkiksi erääntymisajan muutos), sekä pääoman, koron tai muun arvopaperiin liittyvän

	maksun maksuvaatimus saatetaan muuttaa yhdeksi tai useammaksi instrumentiksi, jotka muodostavat liikkeeseenlaskijalle ydinpääoman (Tier 1) pääomaa, kuten tavallisia osakkeita tai pysyvää alentamista (mukaan lukien nollaan asti) toimivaltaisen kriisinratkaisuviranomaisen väliintulon kautta (”**säännönmukainen bail-in #menettely**”). Lisäksi yksinkertaisen kriisinratkaisun mekanismin vakiinnuttava EU-säädös (**"SRM-säädös"**) sisältää säännöksiä, jotka liittyvät kriisinratkaisun suunnitteluun, aikaiseen väliintuloon, kriisinratkaisun toimiin sekä kriisinratkaisuinstrumentteihin, Näin voidaan varmistaa, että kansallisten kriisinratkaisuviranomaisten sijaan olisi yksi viranomainen, eli yllä mainittu yksinkertaisen kriisinratkaisun toimielin, joka tekee kaikki tarvittavat päätökset pankkiunionin pankeista. Euroopan komission 29.1.2014 hyväksymässä ehdotuksessa tiettyjen pankkitoimintojen pakolliseksi eriyttämiseksi kielletään omaan lukuun tapahtuva kaupankäynti sekä mahdollistetaan kaupankäynnin ja sijoituspankkitoimintojen pakollinen eriyttäminen. Mikäli pakollinen eriyttäminen määrätään, lisäkuluihin, kuten korkeampiin rahoituskuluihin, pääoman lisävaatimuksiin, eriyttämisestä aiheutuviin toiminnallisiin kuluihin ja hajauttamisesta saadun edun puuttumiseen tulee varautua.
	<u>Yhdysvaltain FATCA-lain mukainen veronpidätys</u> Liikkeeseenlaskija saattaa olla velvollinen tekemään enintään 30 prosentin pidätyksen suoritetuista kaikista tai joistakin maksuista, joiden perusteena ovat (i) arvopaperit, jotka on laskettu liikkeeseen tai joita on olennaisesti muutettu sen päivän jälkeen, joka on kuusi kuukautta siitä päivästä, jolloin "foreign passthru payments" -maksuja koskevat lopulliset säädökset julkistetaan Yhdysvaltain hallituksen tiedotuslehdessä (Federal Register), (ii) arvopaperit, jotka on laskettu liikkeeseen tai joita on olennaisesti muutettu sen päivän jälkeen, joka on kuusi kuukautta siitä päivästä, jolloin niiden tyyppisiä velvoitteita on ensi kertaa kohdeltu osinkoa vastaavina tai (iii) liikkeeseenlaskupäivästä riippumatta arvopaperit, joita tiettyjen Yhdysvaltain verolainsäädännön sääntöjen (joihin yleensä viitataan nimellä Foreign Account Tax Compliance Act) mukaan kohdellaan oman pääoman ehtoisina instrumentteina.
	<u>Yhdysvaltojen lähdeveroon liittyvät riskit</u> Arvopaperinhaltijalla on riski siitä, että arvopapereille maksettavat suoritukset ovat Yhdysvaltojen lähdeveron alaisia Yhdysvaltojen vuoden 1986 verolain (Internal Revenue Code), sellaisena kuin se on muutettuna, 871(m) pykälän mukaisesti.
	<u>Luottoluokituksen heikkenemisen vaikutus</u> Arvopapereiden arvoon saattavat vaikuttaa luokituslaitosten liikkeeseenlaskijalle antamat luottoluokitukset. Yhdenkin tällaisen luokituslaitoksen toteuttama liikkeeseenlaskijan luottoluokituksen alentaminen saattaa vähentää arvopapereiden arvoa.
	<u>Muutokset ja epätavanomainen eräännyttäminen</u> Liikkeeseenlaskijalla on oikeus tehdä muutoksia warranttien ehtoihin tai eräännyttää ja lunastaa arvopaperit ennenaikaisesti tiettyjen ehtojen täyttyessä. Tämä saattaa vaikuttaa negatiivisesti arvopapereiden arvoon. Jos arvopaperit eräännytetään, arvopapereiden haltijoille erääntymisen yhteydessä lunastusmäärä saattaa olla pienempi kuin määrä, jonka arveopapereiden haltijat olisivat saaneet, jos tällaista eräännyttämistä ei olisi tehty.

	Häiriötapahtumat Liikkeeseenlaskijalla on oikeus todeta tapahtuneeksi häiriötapahtuma (esim. markkinahäiriötapahtuma), joka saattaa viivästyttää laskentaa ja/tai arvopapereista aiheutuvien velvoitteiden suorittamista ja joka saattaa vaikuttaa arvopapereiden arvoon. Lisäksi tietyissä säädetyissä tapauksissa liikkeeseenlaskija saattaa arvioida tiettyjä hintoja, jotka liittyvät velvoitteisiin tai kynnysarvojen saavuttamiseen. Nämä arviot saattavat poiketa vastaavista todellisista arvoista.
	Liikkeeseenlaskijan korvaaminen Jos ehdoissa määrätyt kriteerit täyttyvät, liikkeeseenlaskijalla on oikeus milloin tahansa ilman arvopaperien haltijoiden suostumusta nimittää toinen yhtiö tilalleen uudeksi liikkeeseenlaskijaksi kaikkien arvopapereista tai niiden yhteydessä aiheutuvien velvoitteiden osalta. • *SG-liikkeeseenlaskijan korvaaminen* Commerzbank AG on 2. heinäkuuta 2018solminut sopimuksen Société Généralen kanssa koskien sen Equity Markets & Commodities -liiketoiminnan ("**EMC-liiketoiminta**" (EMC-Business)) myyntiä, johon kuuluu muun muassa sijoitustuotteiden ja vivutettujen tuotteiden liikkeeseenlasku ja kaupankäynti. Liiketoiminnan myyntiin sovelletaan ennakkoehtoja, muun muassa, ennakkoselvitys toimivaltaisten veroviranomaisten kanssa, kilpailuviranomaisten hyväksyntä, muiden asiaankuuluvien viranomaisten ja työntekijöiden edustajien komiteoiden hyväksyntä sekä oikeudellisten asiakirjojen viimeistely. Näin ollen alla oleva tulee kyseeseen vain siinä määrin kuin kaikki luvat ja suostumukset on myönnetty. Jos EMC-liiketoiminta myydään ja siirretään SG-konsernille, kaikki liikkeeseenlaskijan arvopapereista johtuvat velvollisuudet voidaan siirtää Société Générale:lle, SGIS:lle tai SGE:lle (kukin, tapauksen mukaan, uutena SG-liikkeeseenlaskijana) ilman arvopaperinhaltijan suostumusta ("**SG-liikkeeseenlaskijan korvaaminen**" (Issuer-SG Substitution)) SG-liikkeeseenlaskijan korvaamisen voimaantulopäivänä, josta sovitaan liikkeeseenlaskijan ja asiaankuuluvan uuden SG-liikkeeseenlaskijan kanssa ja ilmoitetaan arvopaperinhaltijoille ehtojen mukaisesti. Jos liikkeeseenlaskijan arvopapereista johtuvat velvollisuudet siirretään SGIS:lle tai SGE:lle, Société Générale SG-konsernin emoyhtiönä ja emoyhtiötakaajana (Parent Guarantor), myöntää asiaankuuluvan arvopaperinhaltijan hyväksi ehdottoman ja peruuttamattoman emoyhtiön takauksen koskien uuden SG-liikkeeseenlaskijan suoritusta kaikkien asiaankuuluvien arvopapereista johtuvien maksuvelvollisuuksien osalta (mukaan lukien kaikki toimitusvelvollisuudet) (emoyhtiön takaus, Parent Guarantee). Jos SG-liikkeeseenlaskija korvataan, asiaankuuluva uusi SG-liikkeeseenlaskija voi käyttää kaikkia arvopapereista johtuvia liikkeeseenlaskijan oikeuksia samalla vaikutuksella kuin jos se olisi nimetty ehdoissa liikkeeseenlaskijaksi. Arvopaperien haltijat kantavat riskin kyseisestä uudesta SG-liikkeeseenlaskijasta SG-liikkeeseenlaskijan korvaamisen tullessa voimaan. Arvopaperien haltijat voivat myös altistua emoyhtiötakaajan (Parent Guarantor) riskille (soveltuvin osin), mukaan lukien maksukyvyttömyysriski, ja laajemmin SG-konsernille. Commerzbank AG vapautuu arvopapereihin liittyvistä velvollisuuksistaan ja arvopapereiden mukaisesta vastuustaan velallisena SG-liikkeeseenlaskijan korvaamisen voimaantulopäivänä. • *Liikkeeseenlaskijan korvaaminen*

	Edelleen, kulloisellakin arvopaperien liikkeeseenlaskijalla (joka sisältää liikkeeseenlaskijan ja voi sisältää SG-liikkeeseenlaskijan korvaamisesta seuraavan uuden SG-liikkeeseenlaskijan) on oikeus siirtää velvollisuutensa liikkeeseenlaskijana mille tahansa yhtiölle ("**muu uusi liikkeeseenlaskija**", New Other Issuer) ehtojen mukaan ("**liikkeeseenlaskijan korvaaminen**", Issuer Substitution). Jos liikkeeseenlaskija korvataan, asiaankuuluva muu uusi liikkeeseenlaskija voi käyttää kaikkia arvopapereista johtuvia liikkeeseenlaskijan oikeuksia samalla vaikutuksella kuin, jos se olisi nimetty ehdoissa liikkeeseenlaskijaksi. Arvopaperinhaltijat kantavat riskin kyseisestä muusta uudesta liikkeeseenlaskijasta ja korvatusta liikkeeseenlaskijasta (tällä hetkellä Commerzbank AG) antamalla takauksen muun uuden liikkeeseenlaskijan arvopapereista johtuvien velvollisuuksien osalta. • *Muut liikkeeseenlaskijan korvaamisesta aiheutuvat seuraukset* Millä tahansa liikkeeseenlaskijan tai SG-liikkeeseenlaskijan korvaamisella voi olla veroseuraamuksia arvopaperien haltijoiden vahingoksi, erityisesti, mutta ei rajoittuen, jos Yhdysvaltain vuoden 1986 verolain 871(m) pykälän mukaiset Yhdysvaltain lähdeveron vapautukset voidaan mahdollisesti menettää kyseisen liikkeeseenlaskijan korvaamisen vuoksi. Jokaisen potentiaalisen sijoittajan pitäisi konsultoida omia taloudellisia, oikeudellisia ja veroneuvojiaan keskustellakseen mahdollisista liikkeeseenlaskijan korvaamisen vaikutuksista ennen minkään arvopaperin ostamista.
	<u>Kohde-etuuteen liittyvät riskitekijät</u> Arvopaperit ovat sidoksissa kohde-etuuden arvoon ja kohde-etuuteen liittyvään riskiin. Kohde-etuuden arvon muodostumisperusteina ovat useat tekijät, jotka saattavat olla yhteydessä toisiinsa. Niihin voi sisältyä liikkeeseenlaskijasta riippumattomia taloudellisia, rahoituksellisia ja poliittisia tapahtumia. Kohde-etuuden tai sen osatekijän aiempaa kehitystä ei pidä ymmärtää osoitukseksi sen tulevasta kehityksestä arvopapereiden voimassaoloaikana.
	<u>Riski toteutumisen yhteydessä</u> Sijoittajaan kohdistuu riski siitä, että toteutumispäivänä maksettava lunastusmäärä on pienempi kuin arvopaperin hankintahinta. Mitä pienempi (ostowarranttien tapauksessa) tai suurempi (myyntiwarranttien tapauksessa) on kohde-etuuden viitekurssi arvostuspäivänä, sitä suurempi on tappio. Jos tarkastelujakson aikana kohde-etuuden kurssi on vähintään kerran ollut yhtä suuri tai pienempi (ostowarranttien osalta) tai yhtä suuri tai suurempi (myyntiwarranttien osalta) kuin sovellettava knock-out-raja ("**knock-out-tapahtuma**", Knock-out Event), arvopaperit raukeavat ilman, että arvopapereiden haltijalta edellytetään mitään toimia. Tällaisessa tapauksessa liikkeeseenlaskijan kohtuullisen harkintansa mukaan määrittämä lunastusmäärä (*billiges Ermessen*) (BGB § 315)) voi olla nolla. **Arvopapereiden haltijalle aiheutuu tappio, joka on lähes arvopapereista maksetun koko hinnan suuruinen (täydellinen tappio)**.
	<u>Riskit tilanteessa, jossa sijoittaja aikoo myydä tai joutuu myymään arvopaperit:</u> *Markkina-arvoriski*:

	Saatava myyntihinta saattaa olla merkittävästi alhaisempi kuin sijoittajan maksama ostohinta. Arvopapereiden markkina-arvo riippuu pääosin kohde-etuuden kehityksestä, mutta ei mukaile sitä tarkasti. Erityisesti seuraavat tekijät saattavat vaikuttaa haitallisesti arvopapereiden markkinahintaan: • Muutokset kohde-etuuden hinnan vaihtelun (volatiliteetin) ennakoidussa voimakkuudessa • Korkotason kehitys • Osakkeen osinkokehitys Kukin näistä tekijöistä saattaa vaikuttaa itsenäisesti, vahvistaa toistensa vaikutuksia tai mitätöidä ne. *Kaupankäyntiriski*: Liikkeeseenlaskija ei ole velvollinen toimittamaan jatkuvasti arvopapereiden osto- ja myyntihintoja (i) pörsseille, joissa arvopaperit mahdollisesti on listattu, tai (ii) OTC-periaatteella, eikä se ole velvollinen ostamaan arvopapereita takaisin. Vaikka liikkeeseenlaskija yleensä toimittaisi osto- ja myyntihinnat, arvopapereiden myynnissä tai ostossa saattaa olla tilapäisiä rajoituksia tai se saattaa olla mahdotonta epätavallisen markkinatilanteen tai teknisten ongelmien aikana.

Osa E – Tarjous

E.2b **Syy tarjouksen tekemiseen ja tuottojen käyttö, jos se ei ole voiton tuottaminen ja/tai tietyiltä riskeiltä suojautuminen**	- ei sovellu – Voiton tuottaminen
E.3 **Kuvaus tarjouksen ehdoista**	COMMERZBANK tarjoaa 1. maaliskuuta 2019 alkaen arvopaperisarjaa, jonka liikkeeseenlaskun kokonaismäärä ja aloitushinta per arvopaperi on esitetty tämän tiivistelmän liitetaulukossa.
E.4 **Liikkeeseen-laskuun/ tarjoukseen liittyvät aineelliset edut ja eturistiriidat**	Seuraavat eturistiriidat saattavat ilmetä liikkeeseenlaskijan toteuttaessa arvopapereiden ehtojen mukaisia oikeuksiaan ja/tai velvoitteitaan (esim. ehtojen määrittämisen tai muuttamisen yhteydessä), jotka vaikuttavat maksettaviin määriin: • kohde-etuudella tehtävien transaktioiden toteuttaminen • kohde-etuuteen liittyvien uusien johdannaisinstrumenttien liikkeeseenlasku • liikesuhde kohde-etuuden liikkeeseenlaskijan kanssa • olennaisten kohde-etuuteen liittyvien tietojen (mukana luettuina muut kuin julkiset tiedot) hallussapito • markkinatakaajana (Market Maker) toimiminen
E.7 **Arvio kuluista, jotka liikkeeseen-laskija tai tarjoaja veloittaa sijoittajalta**	Sijoittaja voi yleensä ostaa arvopapereita kiinteään merkintähintaan. Tämä kiinteä hinta sisältää kaikki kulut, jotka liikkeeseenlaskijalle aiheutuvat arvopapereiden liikkeeseenlaskusta ja myynnistä (esim. jälleenmyynti-, strukturointi- ja suojauskulu sekä COMMERZBANKin voittomarginaali).
